

FAST ACTION BY FIREMEN SAVES BARN

Fast action on the part of several fire companies prevented a hog pen-corncrib fire late Tuesday night from destroying a barn and milkhouse at the property of Harry Kauffman, 2½ miles northwest of East Berlin on the Dillsburg Rd.

Fire Chief Kurvin Krout said only prompt arrival of Abbotstown firemen saved the barn and milkhouse. The blaze which destroyed the hog pen, along with a boar and three sows in it, and the corncrib, three two feet from the barn, had spread to the milkhouse and barn. Just as East Berlin's water tanks went dry, Abbotstown arrived with its tank truck and as a result firemen kept a steady stream of water flowing. Krout said that if Abbotstown had been five minutes later the barn would have been destroyed.

With the nearest source of water a pond about two miles away, New Oxford, Dover and Hampton tank trucks were also summoned to bolster the water supply.

USE BULLDOZER
John Grimm, a member of the East Berlin Fire Company, and contractor, secured his bulldozer and pushed the blazing hog pen and corn crib away from the barn into a field as soon as the flames had dropped sufficiently to permit such action.

The fire had spread into the milkhouse and milking parlor portion of the barn and was leaping toward hay in the mow when East Berlin firemen arrived. Their first effort was to bring that part of the fire under control.

A number of shots, and all movable equipment were removed from the barn by Kauffman and others as soon as the blaze was discovered.

CAUSE UNCERTAIN
Kauffman told firemen he had been away from home and when he turned from the hard road onto the road to his farm he saw the flames leaping from the gable end of the hog pen. No immediate cause was given for the blaze, but there was electric wiring and heating equipment in the hog pen used by the brood herd.

East Berlin firemen were summoned at 11:44. They called for Abbotstown, New Oxford, Dover and Hampton at 11:57. The other fire companies were released at about 1:50 while East Berlin stayed at the scene until 2:29 this morning.

LIONS WILL ERECT LIGHTS AT FAIRFIELD

Fairfield's Lions will erect Christmas lights in their community for the holiday season next Saturday morning, it was announced at the club's semi-monthly dinner meeting at the Holiday Inn here Tuesday evening. Thirty Lions and five guests attended. The Lions will meet at Sager's barn at 9 a.m. Saturday to start work.

Principal speaker for the evening was District Governor William Lau, who was introduced by a deputy district governor, Harry Sumpman. Other guests included Zone Chairman Cloyd Shetter, County Treasurer Daniel J. Wolff and William Musser Sr.

A "show and tell" on archery was presented by Donald Bucher, who displayed a 30-pound wing bow together with fiberglass and aluminum arrows. Bucher is president of the county archery association. He told the Lions quality bows cost up to \$150. Clarence Wilson was appointed to give a "show and tell" at the next meeting.

Books were distributed for 10 turkeys to be given away at a ladies' night meeting December 15. Program Chairman Harold Day announced a program on investments on December 1 and William Musser in charge of a ladies' night meeting December 15 with George B. Inskip and the Rev. Otto Kroeger in charge of arrangements.

Zone Chairman Shetter spoke on club visitation and Sumpman emphasized attendance, new clubs and the recruitment of new members. He also spoke in behalf of the Charles Mowery for Vice President Fund. District Governor Lau reviewed Fairfield Lions' activities and spoke on his theme as top Lions official in the district: "Go, Grow and Glow with Lionism."

Two Egyptian Diplomats Are Expelled From Italy, Caught Trying To Ship Man In Trunk

By PIERO DE GARZAROLI, ROME (AP) — The Italian Foreign Ministry today ordered the immediate expulsion of two Egyptian diplomats caught trying to ship a bound, drugged prisoner to Cairo in a trunk labeled "diplomatic mail."

Rome police said they had information the victim, Moroccan-born Josef Dahan, 30, had been a spy for the United Arab Republic some years ago and more recently for Israel.

The police said Dahan was an Israeli citizen. The Israeli Embassy said it had no record of him.

Police said the "diplomatic trunk" had almost certainly been used before for human cargo.

ARRESTED TUESDAY Y

The Foreign Ministry called in U.A.R. Ambassador Ahmed Naguib Hasim and ordered embassy first secretaries Abdel Moneim el Neklawy and Selim Osman el Sayed out of Italy.

MRS. V. GROUP IS NOMINATED FOR G.S. POST

Mrs. Vernard F. Group, Gardeners, was nominated to be chairman of the Juliette Low Neighborhood of the Girl Scouts at a meeting Monday evening in the Cashtown fire hall. The nomination is subject to approval by the council board.

Mrs. David Houck, Arendtsville, retiring chairman, was honored for 17 years of service and was presented a gift by Mrs. Charles Taylor, neighborhood coordinator. Mrs. Taylor said Mrs. Houck had been a Brownie leader, a committee member, cookie sales chairman, senior advisor, active in day camping and had served as neighborhood chairman for several years.

RALLY FEB. 20

Mrs. Taylor also announced that the annual Juliette Low Rally will be held February 20 at the Biglerville High School. She asked that the various unit leaders inform her by November 27 whether their units will have exhibits or present 15-minute demonstrations, or both. The early notice is needed to complete arrangements for the event and determine whether it should be an all-day program or an afternoon event, she said. Mrs. Group was appointed chairman. It was also announced that she will be coordinator of the first council-wide event to be held April 23 to 25 at the York Fairgrounds.

Other members of the rally committee are: Mrs. Myron Brough, Aspers; Mrs. W. North Sterrett, Arendtsville; Mrs. Barbara Baugher, Aspers; and Mrs. George Fleener, Fairfield. The committee will meet December 7 at 1 p.m. at the home of Mrs. Taylor.

Frances Wood, district advisor, presided at the meeting.

GIVE REPORTS

Miss Wood, presented a report on a regional Girl Scout conference at Pittsburgh. Mrs. Fleener reported on the fall council meeting.

A film, "The World in Her Book," based on the world friendship aspects of Scouting, was shown.

The next meeting will be held January 18 at the Bendersville Lutheran Church.

School Bus Hit Tuesday Afternoon

Damage totaled \$2,400 Tuesday afternoon at 3:45 o'clock when an auto struck two halted cars and a school bus on Route 94, seven miles south of Hanover in West Manheim Twp.

State police here, who investigated the accident, said Patricia A. Strausbaugh, 21, Hanover R. 1, suffered lacerations of the head and was treated at the Hanover Hospital.

Miss Strausbaugh, according to the officers, was driving north when she came upon a car of Claude L. Forney, 64, halted for the stopped school bus. Miss Strausbaugh's car struck the Forney vehicle, causing \$150 damage to that auto, then struck another halted car owned by George M. Lackmann, 25, Dillsburg R. 1, causing \$125 damage to it, then veered across the road and struck the school bus operated by James Comings, 55, Manchester, Md., causing \$125 damage to it, and then smashed into an embankment off the road. Damage to the Strausbaugh auto was estimated at \$2,000.

Two Egyptian Diplomats Are Expelled From Italy, Caught Trying To Ship Man In Trunk

They were arrested Tuesday night after they tried to load the trunk aboard a U.A.R. airliner bound for Cairo but were released because of their diplomatic immunity.

The Foreign Ministry also delivered a "most formal and energetic protest" against "violation of the international rules of diplomatic immunity and privilege."

The ministry said the two diplomats had engaged in "evident infractions of the Italian penal code."

The ambassador said the bizarre shipment was "done without his knowledge and was beyond his possibility of direct control," the Foreign Ministry said.

Intelligence sources in Cairo speculated that the affair was part of the continuing espionage war between the U.A.R. and Israel. Israeli agents drawn from (Continued On Page 12)

10 Killed When U.S. Navy Plane Falls Into Sea

ARGENTIA, Nfld. (AP)—All 10 men aboard a U. S. Navy patrol plane returning to fog-shrouded Argentia Naval Base were killed Tuesday night when it plunged into the sea.

The four-engine P3A Orion was approaching on instruments when it crashed three miles west of the field. Persons on shore reported seeing a fire and hearing an explosion.

Two tugboats, two crash boats, a rescue helicopter and a Coast Guard transport found no trace of the aircraft.

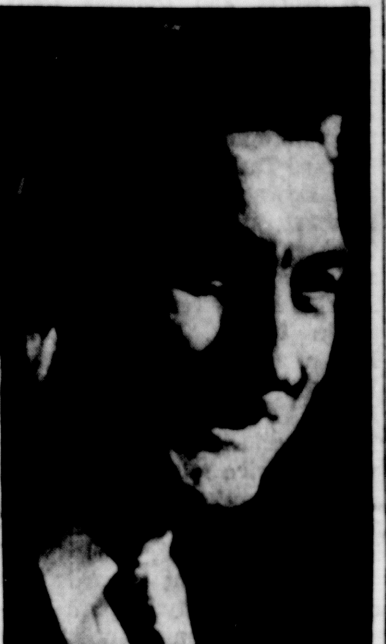

The P3A, a military version of the Lockheed Electra, is equipped for antisubmarine warfare and carries an array of detection gear, torpedoes and depth charges.

Identifications of the men were withheld.

The plane was attached to the naval base at Jacksonville, Fla., but had been on a three-month operational mission here.

LIBRARY ASKS \$3,000 BOOST IN SUBSIDY

The Adams County commissioners Tuesday were asked to increase the annual donation to the Adams County Public Library by \$3,000 next year.

A committee from the library comprising Attorneys Daniel E. Teeter and Donald G. Oyler, the librarian, Mrs. Oren H. Wilson; Donald B. Hudson and Mrs. Philip M. Jones outlined to the commissioners needs of the library during the coming year, pointing out that reductions in federal aid necessitate additional local support.

Attorney Teeter was principal spokesman in outlining details of federal and state aid and the manner in which the federal and state aid is predicated on local funds provided by the county and other sources.

No immediate action was taken but the commissioners indicated they will "very seriously" consider the request for the increase.

MT. JOY PROBLEM

The Mt. Joy supervisors, Clarence Myers, Paul Straley and Richard Reaver, met with the commissioners at their session in the courthouse Tuesday morning to ask help in solving a problem caused by passage of White Run under a township road. At present two culverts carry the stream. In winter, the supervisors to the commissioners, the ice jams across the road, causing difficulty for school buses and other traffic.

The commissioners looked at the site Tuesday afternoon to determine whether the county might (Continued on Page 3)

FIELD BAND TO GIVE CONCERT ON THURSDAY

The U. S. Army Field Band and Chorus will present a concert Thursday evening at the Gettysburg Junior High School auditorium at 7:30 o'clock as part of the town's observance of the 101st anniversary of the dedication of the Gettysburg National Cemetery by President Abraham Lincoln.

The free concert in the auditorium will conclude a series of activities that will begin at noon Thursday with the annual luncheon meeting of the Lincoln Fellowship of Pennsylvania in the Hotel Gettysburg. Dr. J. Walter Coleman, former superintendent of the Gettysburg National Park and former president of the Lincoln Fellowship, will be the speaker.

At 1:30 Thursday afternoon the Army Field Band will play several selections in Lincoln Square. At 2 a parade of Army and Air Force ROTC students and the 75-piece Army Field Band will be held on Baltimore St. to the National Cemetery.

"KINGS OF HIGHWAY"

At the cemetery at 2:30 o'clock the annual memorial exercises will be held with William A. Cobenz, public affairs specialist for the Library of Congress, as the speaker. Cobenz is the director of the Lincoln Inaugural pageant to be held under sponsorship of the Congress of the United States in March at the nation's capital.

The Army Field Band, known as the "Kings of the Highway" for their tours covering thousands of miles in the U. S. and in many foreign countries, is well known here, having appeared several times at Battle Anniversary programs and in 1958 in a special concert for the local Band Boosters Club. The band features a 25-member chorus, "The Soldier's Chorus," and the 75 members of the band will appear in the concert. Formed in 1946 the band has won renown throughout the world, and has become a particular favorite here.

MRS. PENSYL DIES TUESDAY AFTER STROKE

Mrs. William H. Pensyl, 63, 22 E. Middle St., died at the Warner Hospital shortly after 6 o'clock Tuesday evening, about two hours after suffering a cerebral hemorrhage at the Howard Kitzmiller home on Baltimore St. where she was attending a meeting of a homemakers' group.

She was taken to the hospital by ambulance but died without regaining consciousness. Dr. C. G. Crist, county coroner, investigated.

She was a native of Westminster, Md., and was a daughter of the late Prof. W. A. Burgoon, a former supervising principal of the Gettysburg public schools, and Estella M. (Lawyer) Burgoon.

WAS SCHOOL TEACHER

She had taught school in Adams County for about five years. Mrs. Pensyl had been an active member of the Methodist Church here. She belonged to the Order of Eastern Star and was a former officer of the Auxiliary of the American Legion. She had formerly served as a member of the boards of directors of the YWCA and the county chapter of the Red Cross. For a number of (Continued on Page 3)

18 Americans Are Wounded When A Terrorist's Bomb Destroys Cafe In Airport

By PETER ARNETT, SAIGON, South Viet Nam (AP) — A terrorist's bomb demolished a restaurant at the Saigon airport today wounding 18 Americans and at least four Vietnamese.

One American Air Force officer was badly wounded. He was sitting outside the restaurant in a bus when concrete fragments smashed into it.

The other injured Americans were 11 U.S. airmen, three Army men and three civilians. First reports indicated they were in the area of the restaurant, not in the building, and were only slightly wounded.

LEVELS RESTAURANT

The explosion virtually leveled the Air Viet Nam restaurant situated at a few buildings from hangars containing U.S. Air Force jets. American and Vietnamese security men at first thought the airport was under a Communist mortar attack similar to that which killed four Americans and wounded 72 at the Bien Hoa air base two weeks ago.

A few minutes before the explosion an Australian air force plane had arrived from Singapore with flood relief supplies for central Viet Nam.

An armada of 115 U.S. helicopters was landing at the airport as the explosion took place. They had been engaged in the biggest airlift of the Vietnamese war, carrying troops into Communist territory north of Saigon.

Two young women enroute to a baby shower in Buchanan Valley were killed instantly Tuesday evening at 6:40 o'clock when their car crashed into a tractor-trailer at the intersection of the Lincoln Highway and the Bonneauville-Hunterstown Rd. four miles east of here.

Adams County Coroner Dr. C. G. Crist listed compound fractures of the skull and other injuries as the causes of the deaths of Miss Joan Marie Neiderer, 19, Hanover R. 4 and Miss Janet M. McMaster, 19, 205 Oxford Ave., McSherrystown.

TO HOLD INQUEST

The coroner scheduled an inquest into the deaths for Tuesday afternoon at 2 o'clock at the courthouse here.

State police said Miss Neiderer was the owner and apparent operator of the auto in which the two young women were traveling north on the road leading from Bonneauville to Hunterstown.

At the intersection with the Lincoln Highway near the Armistead store, the car crashed into the side of a westbound tractor-trailer owned by Miller Motor Freight, and operated by John H. Swords, 35, Seven Valleys R. 1. The car struck the empty flatbed trailer just back of the tractor.

HURLED FROM CAR

Both women were thrown from the car, their bodies landing off the north side of the three-lane Route 30 about 100 feet west of the intersection. Persons at the scene believed from the injuries that Miss Neiderer was thrown through the windshield of her car while Miss McMaster was thrown out the door of the vehicle. Part of the head of one girl was slashed off; the other girl was nearly cut in half. It was believed possible that some of the injuries may have occurred by the bodies striking the trailer, and that possibly the rear wheels of the trailer passed over them.

GIFTS FOR BABY

Baby clothes, a rattle, and baby blankets were found strewn on the road where the two women's bodies lay side by side. As a result it was at first believed that possibly an infant had been with them, and a search was made for a child. Later it was learned they were enroute to the shower and the baby articles had been intended as gifts at the party.

After the impact, the car, its right front smashed, came to rest against a guard rail fence on the south berm of the highway, several hundred feet from the intersection.

The tractor-trailer, after the impact, followed a wide sweeping curve and went through the guard rails, off the south side of the highway, several hundred feet west of where the car had stopped. When it stopped, about two-thirds of the tractor-trailer was in a field, the remainder on the highway.

HEAVY DAMAGE

Residents of the area summoned the Gettysburg firemen's ambulance. On arrival there the ambulance crew, Donald Jacobs and Lawrence Hankey, radioed for Dr. Crist, Jacobs and Hankey remained at the scene, setting out flares and assisting in traffic control until state police could take over.

Police estimated damage at \$1,600 to the car and "\$4,000 to \$5,000" to the tractor-trailer.

CASKETS CLOSED

Both young women were employees of Middleburg Manufacturing Co., Hanover, and both were members of Annunciation of the Blessed Virgin Mary Catholic Church, McSherrystown, and of the sodality of the church.

Funeral arrangements are being made through the Walters Funeral Home, McSherrystown. (Continued on Page 3)

CITES VALUE OF FERTILIZER TO FOOD SURPLUS

Forty-one businessmen Monday night attended a dinner and toured the new liquid fertilizer plant of Measured Soil Foods in Biglerville. The dinner was held in Ditzler's Restaurant.

Borden Chronister, products manager for direct application materials of U. S. Allied Chemical Co., New York, the dinner speaker, said, "If it were not for fertilizer there would be no food surplus today and in fact we today, most likely would be under some system of rationing."

BOOMS CROP

He said that "in the southeastern U. S. as a whole, 40 to 60 per cent of the crop comes from fertilizer applied each year."

Intense use of fertilization will become even more necessary with the passing years, he added. "We expect a population of 220 million people by 1975. That means that where four sit down for dinner today, there will be six in 30 years."

"We are taking 1,250,000 acres out of production each year, or the equivalent of 12,500 farms. It takes 65 acres of farm land for each mile of four-lane highway we construct. Cities, factories, housing developments, roads, are all cutting into our most fertile farm land and forever removing it from production."

"At our present rate of consumption we will need a 40 per cent increase in total farm production in the next 18 years."

INCREASE YIELD

"In the last 35 years we have increased our per acre yield by only 35 per cent. Thus even our present production per acre is not enough. It will have to be increased, and the only way it can be done is through advances in fertilization."

"Either liquid or solid fertilizer can be used. But liquid fertilizer is gaining like wildfire because it is a more efficient way of handling it on today's mechanized farms."

He praised "President Daniel Walters and the other members of Measured Soil Foods" for their "example of free enterprise at work" in developing their business at Biglerville.

County Educators Attend Conference

A score of Adams County educators was at Shippensburg Tuesday evening for a dinner meeting and conference of the Southern District Teacher Education and Professional Standards PSEA Commission at the state college there. There was a late afternoon session, a symposium and a dinner session at which Dr. Ralph C. Swan, executive secretary of the Pennsylvania State Education Association, was the speaker.

Dr. Swan spoke on "Emerging Responsibilities for Growth and Competence." Most school districts in the county were represented at the conference. The county delegation was headed by County Superintendent M. Francis Coulson and his assistant, George B. Inskip, and included Morris Quint, Gettysburg Senior High School principal; Charles Edwards, junior high principal here, and Richard A. Folkenroth, administrative assistant in the Gettysburg public schools.

She will conduct a "harvest of green stamps" to help secure a sewing machine for the home. Mrs. Russell Morgan reported on the recent rummage sale and on the sale of pecans which is being continued this month for the building fund. Plans were made for a parish Christmas party December 27, and Mrs. Richard Stoddard and Mrs. Wilbur Deitz were appointed to work with the vicar, the Rev. Fr. Robert A. Pearson. The group decided to make 12 Christmas stockings for the United Council of Church Women to send to adult patients in mental hospitals. It was announced that the mother superior of All Saints Sisters of the Poor, Catonsville, Md., will be at the local church for the regular service on December 6. On December 7 the church women will observe their annual Quiet Day. Miss Sigrid Lehnberg, a member of the faculty of Gettysburg College, showed slides of churches in Spain and France, taken by her during her recent sabbatical leave in Europe. Thirteen members attended the meeting.

Trick-Treat Record Is Set

The trick or treat for UNICEF efforts of hundreds of county youngsters at Halloween time brought in a total of \$1,675.84 which is a new high for Adams County, according to an announcement today by Mrs. Sterling Musselman, the trick or treat chairman.

The largest sum was turned in by youngsters from the Eisenhower School who collected \$349.91. Reports by communities include the following: Arendtsville, \$58; Bendersville, \$72; Biglerville, \$130.03; Bonneauville, \$6.36; Cash-town, McKnightstown and Buchanan Valley, \$16; Fairfield and Orrtanna, \$116.22; Littlestown, \$163.45; Lower Conewago, \$85.17; McSherrystown, \$81; New Oxford, \$35.29, and York Springs-East Berlin, \$151.

The Keefeauver School turned in \$182.86 and St. Francis Parochial School, \$147.17.

BULLETINS

WASHINGTON (AP)—Secretary of Defense Robert S. McNamara announced today 95 more military bases will be eliminated. These include some naval shipyards.

McNamara told a news conference the bases affected by the new cutback will be announced Thursday. He declined to identify any of them at this time.

DETROIT (AP)—A strike which has idled 81,500 Ford Motor Co. workers may end soon, says United Auto Workers President Walter P. Reuther.

Reuther said in New York Tuesday night that telephone reports he had received from union officials here indicated the strike might end soon.

CHICAGO (AP)—Moderate precipitation dampened the dry midwest Tuesday, but barren New England remained in the grip of its most prolonged drought in history.

The water shortage in the New England area became more critical. Officials feared the supply would be depleted within weeks.

The situation was different in Oklahoma, where light rains continued after downpours which caused floods in several areas.

CHICAGO (AP)—Railroad and union officials resume negotiations with federal mediators today in attempts to reach an agreement in a long wage dispute and head off a nationwide strike.

Some 140,000 nonoperating employees of six shop craft unions are set to strike at 6 a.m. local time Monday. The walkout, a spokesman for the unions said, would halt service on 187 major railroads and terminal switching companies which handle most of the country's rail traffic.

WASHINGTON (AP)—A U. S. F100 jet fighter plane which was escorting a reconnaissance plane over Laos has been shot down. Rescue operations for the pilot are under way, Secretary of Defense Robert S. McNamara announced today.

The fighter was one of two aircraft escorting a RF101 photo reconnaissance plane in operations

Four Are Held For Court In Burglary

Four Baltimore men were held for court and returned to the county jail after a hearing before Justice of the Peace John Whitman, Cumberland Twp., on charges of burglary, larceny and conspiracy.

The four, Thomas James Cannon, 39; Edward Allen, 33; Theodore Turner, 33, and Lawrence Wesley Horton, were arrested after they were reported discovered in the act of burglarizing the home of G. Lynn Golden, York Springs R. 1 last Wednesday afternoon. They were arrested a short time later at the edge of Gettysburg by Chief of Police Jack Bartlett.

All were ordered held without bail for the next session of court.

PAYS TWO FINES

David Arthur Walsh, Cashtown, paid a \$10 fine and costs for failing to give proper signals while operating a motor vehicle, and \$5 for failing to have a current inspection sticker before Justice of the Peace Robert P. Snyder on charges brought by borough police.

Cumberland To Change Ordinance

The Cumberland Twp. supervisors in a legal advertisement in today's issue of The Gettysburg Times announce their intention to amend a 1960 ordinance regulating sewage disposal systems and septic tank installations in the township.

The notice states the board expects to adopt the amendments at a special meeting to be held November 25 at 8 p.m. in the Eisenhower Elementary School here.

The new measure will amend the 1960 ordinance to require that properties within 150 feet of a sanitary sewer line will be required to connect in accordance with other rules and regulations of the township. If property owners fail to make the connection within 60 days after receiving notice, the amendments will authorize the township to make the connection at the cost of the property owner.

MAKE ANOTHER LOAN

The commissioners Tuesday authorized the county treasurer to borrow \$25,000 from the Gettysburg National Bank, bringing to \$50,000 the amount borrowed from for county operation this month. On November 2, \$25,000 was borrowed from the Adams County National. The money represents the first borrowing since the commissioners authorized the treasurer to pay off such debts late in the summer. At that time the commissioners and treasurer decided that a substantial sum in interest could be saved by using tax income to pay off standing notes, and then borrowing again this fall when money was needed.

Adams County pays four per cent on money it borrows on short term notes. A recent survey made for the commissioners on interest paid on short term notes showed most counties paying about the same, one obtaining a "real bargain rate." Fulton pays the same as Adams, four per cent; Huntingdon, Clearfield, Franklin and Lancaster County can obtain loans at three per cent. Cumberland County is able to obtain a 1 1/2 per cent rate on three to six-month loans, the commissioners' president, Atlee Rebert, said.

WORLD WAR I

(Continued From Page 1)

served as an Army Nurse in France during the first world war. The following auxiliary officers were named: Mrs. Frank Merriken, president; Mrs. Jesse Kline, vice president; Mrs. Donald MacPhail, secretary; Mrs. Wesley Hummer, treasurer; Mrs. Earl Hollabaugh, chaplain, and Mrs. Marry Hoff, conductress.

SERVED IN FRANCE

Mrs. Basler, the former Beulah Armor, is a native of Gettysburg. A graduate of Methodist Hospital School of Nursing, Philadelphia, she was a member of the Army Nurses Corps and served in France with an operating team at Ambulance Hospital No. 1, Neuilly, France. She met her husband while both were serving at Naval Base Hospital No. 5, in Brest, France.

Mr. Basler also was accepted. Barracks Commander Frank Merriken presided at the dinner session. He introduced Alfred Patton, Paoli, chief of staff of the Department of Pennsylvania of the World War I Veterans, who spoke on the work of both the barracks and the auxiliary and stressed the advantages of a strong auxiliary and barracks working together. He also discussed the new pension law that goes into effect January 1.

In the course of his remarks Patton praised Mr. and Mrs. Basler. He also introduced member Donald MacPhail as the only local member holding the Silver Star.

MacPhail was in charge of group singing at the dinner, leading a number of World War I vintage songs.

Mrs. F. Alfred Patton, department deputy chief of staff for the auxiliary, assisted by Mrs. Evie Mast, secretary-treasurer of Valley Forge Barracks 59 of Philadelphia, inducted the 28 new members of the auxiliary and installed the officers.

A. M. Lavanture, Mercersburg, deputy district chief of staff, gave the prayer before the meal. Seventy-one attended the dinner at which special guests were widows of three former members: Mrs. Albert Leary, Emmitsburg, and Mrs. Ada O'Connor and Mrs. Cletus Smith, Gettysburg.

MICKLEY WILL FILED

The will of William Blocher Mickley has been entered for probate at the office of the register and recorder. Mickley, late of Hamiltonban Twp., died October 23 at age 55 in Gettysburg. An uncle, Charles William Heilman, Iron Springs, is executor of the \$7,000 estate in which Heilman is granted life estate in the real estate and granted the remainder of the estate. After his death the real estate goes to a brother of the deceased, Dr. John Hoke Mickley, Hollywood, Fla.

JAILED AS DISORDERLY

John F. "Dick" Mays, 61, 645 W. King St., Littlestown, was placed in the county jail Tuesday night on a disorderly conduct charge brought against him by Littlestown police before Justice of the Peace Katherine Geiman. He is scheduled for a hearing before the justice Thursday evening at 7 o'clock.

Explosions Kill
3 At Ink Plant

BRUSSELS, Belgium (AP)—A series of explosions wrecked an ink and varnish plant outside Brussels today. A fire department official said 3 persons were killed and more than 40 injured, 15 seriously.

Firemen said the blasts apparently started in a photography shop and fed on the inflammable store of ingredients used to produce inks and varnishes.

Workers told of being hurled through the air by the blasts, which set the plant ablaze and touched off nearby gasoline tanks. The factory is in a large industrial complex at suburban Uccle.

Invites Public
To Speak Minds

MINEOLA, N.Y. (AP)—Nassau County residents who are too shy to stand up at a public budget hearing and voice their opinions will be able to have their say and keep their composure.

County Executive Eugene Nickerson will open his office tonight on a first-come, first-served basis for citizens wishing to sit down in private with him and offer suggestions.

"Some people are shy, you know," Nickerson said. "This led me to believe that they would participate this way."

Regular public hearings on the budget proposals will be held Nov. 27.

Fall Spray For
Peaches Advised

Adams County Agent Thomas E. Piper has sent fruit growers notices calling for a special fall spray on peach for bacterial leaf spot and leaf curl.

Noting that damage from the disease was much reduced by the dry season of 1964, Piper added: "Carry over on twigs, if combined with rainy weather next spring, could result in a destructive outbreak."

A Bordeaux spray of eight pounds each copper sulphate and spray lime per 100 gallons of spray is recommended "as soon as most of the leaves have fallen."

SHRIMP FEED TONIGHT

The Gettysburg Moose Lodge will hold its annual stag shrimp feed tonight from 6 to 9 o'clock at its home on York St.

tsburg R. 1; Mrs. B. E. Benner; Crowell Bucher, Gettysburg R. 3; Paul R. Fissel, Biglerville R. 1; Frederic Griest Jr.; William B. Hall, Gettysburg R. 6; Floyd A. Kuhn, Orrtanna R. 1; Robert C. Lott, Paul G. Pitzer and Ralph W. Tyson.

Former County Agent Frank Zettle, now assistant director of extension for the central area, will speak briefly at the meeting as will Miss Betty Goddard, extension home economics director for central Pennsylvania.

Youth Hurt When
Tractor Upsets

A nine-year-old Bendersville boy, Curtis Wayne Denisar, was injured Sunday when a tractor overturned on him on the Smallwood farm of Howard R. Niner, Maryland.

Police said that Denisar was one of three boys thrown from the tractor when it flipped over while making a sharp turn on a hillside. Denisar suffered a broken right arm and bruises of the body and legs. Sgts. P. M. Hahn and John Worgan, Westminster Barracks, freed the boy who was pinned beneath the tractor.

QUARTET TO
GIVE CONCERT

The second in a series of four local concerts sponsored by the Adams County Concert Association will be presented Tuesday evening in the Gettysburg High School auditorium by the First Chamber Dance Quartet, described by critics as a highly imaginative group "epitomizing a new trend in dance."

Three of the four young dancers were members of the American Ballet Theater and the fourth, Miss Janice Gorman, was a member of the New York City Ballet and toured extensively in Venezuela, Japan, Australia and the Philippines. She was a soloist with the company when it made history by becoming the first American company to appear behind the Iron Curtain.

Miss Lois Bewley was a soloist with the Ballet Russe de Monte Carlo before joining the American Ballet Theater for its Department of State tour of Europe. She has appeared on Broadway, television and with the New York City Ballet.

Charles Bennett and William Carter both were members of the American Ballet Theater and later joined the New York City Ballet.

The local concert will be presented in the high school because of the need for a large stage, which is not available in Christ Chapel, scene of the other three concerts this year.

NIGHT

LIKE THE EVENING STAR!

A NEW MASLAND BROADLOOM CARPET 100% ACRYLIC FIBERS

NIGHT has been specially styled by Masland to add that touch of enduring beauty that will make your home the delight and envy of all who see it. Consider these decorating features:

THE SURFACE: Exciting! NIGHT is the result of a beautiful new carpet idea. The deep surface is made of high, heavy, cut and loop texture which provide contrasting effects that twinkle like stars on a clear evening! What a wonderful base for brilliant, memorable decorating.

THE CONSTRUCTION: Luxurious! NIGHT is a thick, husky carpet that is tufted of richly textured 100% Acrilan® fibers for enduring beauty, superior pattern retention and excellent resistance to soiling. Back of it all, there's Masland's double-jute, double-backing for added strength and "backbone".

THE COLORS: Dazzling! The colors of NIGHT are striking—fresh new hues especially created to make NIGHT come alive with excitement. And there's a color for each room in your home.

THE VALUE: Excellent! NIGHT is a quality broadloom—a dense, heavy broadloom whose beauty will endure through years of rewarding service. Remarkably, NIGHT is modestly priced. That's the Magic Of Masland Carpets.

TWENTY-FIVE YEARS AGO

Governor James today called a meeting at the capitol next Wednesday to draft plans for job program and appointed chairmen in each of the state's 67 counties to direct the campaign. Henry Scharf was named to represent Adams County; H. S. Appenzeller, Chambersburg; Franklin Co.; W. H. Smith, Carlisle; Cumberland Co.; and W. S. Shipley, York, York Co.

Jesse Clapsaddle Jr., son of Mr. and Mrs. J. D. Clapsaddle R.D. is home on furlough from duty as seaman first class on the U.S.S. Winslow now at Santiago, California. During his service extended cruises have taken him to Sweden, Finland, Norway, Holland, Denmark and Scotland. He has visited Cuba, Haiti and Panama several times.

J. Francis Yake Jr., district attorney-elect of Adams County, and Miss Vivian A. Strayer, Gettysburg, daughter of Mr. and Mrs. Elmer L. Strayer, Clear Springs, near Dillsburg, were married Friday evening at 7 o'clock in St. Mary's rectory, third Street, McSherrystown. The single-ring ceremony was performed by the Rev. Fr. Patrick F. McGee, rector of St. Mary's, in the presence of members of the families of the couple. The attendant were Mr. and Mrs. Melvin Paxon, Shepherdstown, brother-in-law and sister of the bride. The bride wore patou blue chiffon veil with accessories to match and a corsage of orchids. Her attendant was clad in duBarry brown and wore tulle roses. Mr. Yake is a son of the late J. Francis Yake, for many years a school teacher in this county and Joanna Yake. He is a graduate of Hanover high school, Villanova College and the Dickinson School of Law in Carlisle. On Dec. 7, 1936, he was admitted to practice before the courts of Adams County. His law offices are located in the Topper building. On Tuesday he received more than 12,000 votes and was elected district attorney without opposition for a four-year term. He has served his home town as borough solicitor and borough secretary and also is secretary of the McSherrystown school district. The bride is a graduate of Dillsburg high school and of the National School for Cosmeticians in Philadelphia. For the last three years she has been the proprietress of Vivian's beauty salon, Chambersburg Street. Mr. and Mrs. Yake will reside in McSherrystown.

Simon Redding, 219 Baltimore street, sailed Wednesday from New York city for San Juan, Puerto Rico, where he will be employed as a machine operator. He was accompanied by a daughter, Lillian.

Mr. and Mrs. LeRoy H. Winebrenner, Baltimore street, and Mr. and Mrs. Ray M. Hoffman, Howard street, have purchased a 162-acre farm in Cumberland township lying west of the Gettysburg airport and bordering the Mummusburg road. National park bridge paths pass through the property which is to be used as a "boarding place" for saddle horses while general farming also will be carried on. The farm buildings are being improved and the barn, which already shelters 12 horses, is being enlarged. Mr. Winebrenner will continue to conduct his riding school at the new site.

Mr. and Mrs. Leo McDermitt, New Cumberland, sailed today from New York city for San Juan, Puerto Rico, where the

DECISIONS

Many of the most significant moments in life are often missed in a mere moment of indecision. Wavering rarely gets us anywhere. We can — and often do — make bad decisions, but the habit of decision is one that leads forward more than it does backward.

Nations as well as individuals are confronted time and again with this matter of a quick and safe decision. Many have had to pay in blood and treasure because of a wrong or delayed decision. The glory of a nation lies in the number of its right decisions. And this is just as true with us as individuals.

In all emergencies a quick decision is essential. The trained mind makes it and then leaves the final result to a kind Providence. The decisions made in youth are far more important than in later years, for then the brain is plastic and good grooves are easily formed for all right ideas to travel. You know the old saying — "The childhood shows the man." Milton said it.

The atmosphere is always cleared after a good and prompt decision. In the case of a controversy this is true, and in the regular daily duties of business these decisions are what contribute to a smooth running and efficient organization. It is a triumph for anyone who has learned when to say yes or no! What a host of useful sober lives there are because of the fact that the little word no was on the job!

This business of making up one's mind is a major task, and one that should be early cultivated, if one would be both happy and successful. The early decision may make all the difference in the world and give color to all subsequent events. We cannot always prophesy but we can by sincere decisions walk into the light and see further ahead. And then keep walking.

The decisions that so many of those young people who gained their June diplomas have had to make are sure to determine their ultimate station in life, and their happiness and success will lie largest in what these decisions may be. Each decision becomes an event that may set the course of each one's life.

Just Folks

RULE FOR YOUNG MAN

These are things I bid you heed: For a favor never plead. Whatever you desire Pay the fee, the price, the hire; Pay the cost that's asked of you Or without it choose to die.

There is freedom; to remain Free from every self-forged chain, Never undo friend or foe Give the right to cry you: "No!" Better do without than let Favor plunge you into debt.

Buy the ticket; pay for things; Shun the gift the stranger brings. Taking what you haven't earned Means that it must be returned, And perhaps, as time goes by, 'Twill be what you should deny.

Here's the rule: Be fair to all; Ask no favor, great or small; Head high always walk about; Pay for things or do without; Keep your friendships warm and sound, Grateful but, but never bound.

former will be employed as an equipment operator at an air base project. Mrs. McDermitt is the former Miss Anna Redding, Gettysburg R.D. Her husband formerly was employed at the highway office here.

Gettysburg and Adams County music lovers were most fortunate in being privileged to hear Miss Rose Bampton, leading soprano of the Metropolitan Opera Company as the first artist in the Gettysburg Concert Association series Thursday evening in Brua Chapel. Every seat in the chapel was occupied when the recital started. Miss Bampton was lovely to look at, a stunning brunette in her white silk crepe gown of Grecian lines, and a revelation to hear. Karl Kritz, Miss Bampton's accompanist, is a pianist of great renown in both Austria and Germany, having directed orchestras in both countries.

CLASS PLANS BANQUET

Lippy gave the banquet booking committee report; Mrs. Claude Gerick, flower committee report; Mrs. Henry Barnes, big party report. Winners of games and door prizes were Mrs. Barnes, Mrs. Crouse and Mrs. William Lippy. During the social hour refreshments were served by Mrs. Anna Bair and Mrs. Amos Spangler.

It was decided to hold a Christmas party in connection with the next meeting on Monday, December 21. Each member is to bring a covered dish to pass and a \$1 gift for exchange. Hostesses will be Mrs. Walter F. and Mrs. Clyde W. Crouse.

CLASS TO HELP ON NEW GOWNS

The Hustlers' Class of Redeemer's United Church of Christ decided to assist with the purchase of new gowns for the Chorus Choir at the monthly meeting of the church social hall. The Hustlers' and the Ladies' Aid Society will share in paying the balance for the choir gowns.

Mrs. Ralph L. Staley was appointed to purchase poinsettias for the shut-ins of the congregation and for the church for Christmas decorations. The president, Mrs. Paul H. Stoner, named the following nominating committee: Mrs. William I. Staley, Mrs. Theron W. Spangler and Mrs. Norman R. Lemmon. The committee will present a slate at the December meeting and election will follow. Reports were given by Mrs. George I. Bemiller, secretary, and Mrs. George C. DeHoff, treasurer.

Plans were made to have a yuletide covered dish supper in connection with the next meeting on Monday, December 21, at 6:30 p.m. at the church. Gifts will be exchanged and 1964 secret sisters revealed. The hostesses will be Mrs. Stoner, Mrs. Margaret Wehler, Mrs. J. Everett Feeser and Mrs. Robert Milheim.

A program preceded the business and consisted on a religious reading by Mrs. Monroe J. Staveley; group hymn, accompanied by Mrs. Melvin A. Miller; scripture, Miss Lillian Demmitt; prayer, Mrs. Glenn K. Flinchbaugh; readings, Mrs. Staveley; piano solo, Miss Roxanne Hall; Lord's Prayer in unison. Mrs. Staveley, Miss Demmitt and Mrs. Flinchbaugh served refreshments during the social hour.

MANY APPEALS FREE SAILOR

READING, Pa. (AP) — A Greek sailor is out of jail today, thanks to the intervention of two national governments, a state government, the U.S. attorney general, the U.S. Navy, county and city officials and a clause of the NATO treaty.

Evangelos I. Katsilieris, 25, a Greek seaman on special duty at the Philadelphia Naval Base, was in jail since Sunday, unable to raise \$2,000 bail on assault charges.

City officials said they got telephone calls from the Greek Embassy, the U.S. attorney general's office, the Pennsylvania attorney general's office in Harrisburg and from a Navy intelligence officer at the Philadelphia Naval Base.

Navy officials, appearing at a hearing in Reading Tuesday night, explained that under a NATO agreement, the seaman could be handed over to authorities of his own country, if the host country agreed.

Reading City Solicitor Ralph Levine agreed to drop all charges.

NEW POLICY ON FAR EAST

WASHINGTON (AP) — Assistant Secretary of State William Bundy expects a decision on U.S. Far Eastern policy to be made within the next few weeks.

Bundy, assistant secretary for Far Eastern affairs, said Monday that while the basic situation in Southeast Asia has not changed as a result of the recent U.S. election, one thing has changed: the mandate given President Johnson.

Bundy spoke to a meeting of the Women's National Democratic Club. Pointing to principles affirmed by Johnson for the Far East, Bundy mentioned the basic U.S. aim of peace and the struggle for it. "There can be no doubt of our determination to see it through," he said.

Bundy said the United States would continue to play a major role in the Far East.

BOY IS SLAIN WHILE LOOTING CASH REGISTER

PHILADELPHIA (AP)—A 15-year-old boy was shot and killed by a policeman on special "stakeout" duty during a hold-up attempt at a South Philadelphia drugstore Tuesday night, police reported.

Deputy Police Commissioner Frank L. Rizzo said the boy, identified by his parents as Leonard Young, was shot by patrolman Stephen Rogers.

Rogers' partner, David Johnson, captured a second youth believed to be a part of the holdup team. No charge has been placed against the other youth.

STEALING MONEY

Rizzo gave this account of the incident: Young walked into the store and began taking money from an open cash register, when he was confronted by the store owner, Edward Pritzker, 56. Young drew a pistol and Pritzker gave a pre-arranged signal to Rogers, waiting behind a partition in the back of the store. Young leaped at Rogers. Rizzo said, and the policeman fired four times.

Meanwhile, Johnson had circled around to the front of the store, where he captured a second youth coming out, Rizzo said.

OAKLAND OR JETS MAY GET C. GILCHRIST

By LEE COPPOLA
Associated Press Writer
BUFFALO, N.Y. (AP) — Controversial Cookie Gilchrist, the American Football League's leading rusher and 1962 Player of the Year, appeared headed for either the Oakland Raiders or the New York Jets today after being discarded by the Buffalo Bills.

The Bills, pace-setters in the Eastern Division and hoping to win their first AFL title, fired the \$30,000 a year, 250-pound fullback by placing him on the waiver block for \$100. They said they wouldn't withdraw the waivers either.

Thus Gilchrist was available for the \$100 to the AFL club. Thus Gilchrist was available with the poorest record. The Boston Patriots and the Jets put in a claim. Houston, Denver and Kansas City, which had prior rights because of worse records this season, said they weren't interested in the 29-year-old fullback.

RAIDERS WILL WAIT
The Oakland Raiders, who discussed the situation Tuesday night, said they would wait until Wednesday to see what the other clubs did. The Raiders, with a 2-7 record, could grab him unless Houston (2-8-0) and Denver (2-8-0) changed signals. If the Raiders also pass, Cookie will go to the Jets.

Gilchrist, when he got the word of his axing, said he would like to play with either the Jets or Raiders.

"His only concern is himself and how much yardage he can gain," said Buffalo Coach Lou Saban.

CALLING "INEVITABLE"
"Certain incidents have taken place over the last six weeks which were uncalculated for, in my opinion," added Saban. "I felt we had to go without him. The club is more important than the individual's gain."

Gilchrist said the move was "inevitable."

"This is my third year and about the fifth time they've tried to trade me. It's apparent they didn't want me around," tried to trade me. It's apparent said Gilchrist.

Gilchrist, top rusher in the league with 751 yards in 162 carries, gained only 31 yards Sunday when the Bills (9-1) lost their first game of the season, 26-28, to the second place Patriots (7-2-1).

BIG YEAR IN '62
The Bostonians are only 1 1/2 games behind the Bills. Each has four games to go, including a climactic clash between the two at Boston Dec. 20.

Wray Carlton, a 220-pound, eight-year veteran, was taken off the injured reserve list to replace Gilchrist.

Gilchrist was signed by the Bills after being suspended by Toronto of the Canadian Football League.

He was chosen the AFL's Player of the Year by The Associated Press in 1962—his first season with Buffalo—after gaining 1,096 yards rushing.

Durocher Claims "Self Defense"

LOS ANGELES (AP) — Leo Durocher and the Los Angeles Dodgers, answering a \$200,000 damage suit, say that if the former Dodger coach hit a fan it was only in self-defense.

The suit was filed Aug. 26 by Robert J. Hallsworth, 29, who charged that Durocher struck him on the jaw outside Dodger Stadium after a game.

The Durocher-Dodger answer, filed in Superior Court Tuesday, contended that Hallsworth made "an assault" against Durocher and that the coach "necessarily defended himself."

BRAVES BEING HAULED INTO COURT AGAIN

MILWAUKEE (AP) — Milwaukee attorney Francis J. Demet initiated an antitrust action in Federal Court Tuesday seeking to prohibit the Braves from moving to Atlanta until another major league franchise is obtained for Milwaukee.

Demet, who owns a single share of stock in the Braves but claims he represents 4,000 minority stockholders, called baseball a monopoly.

He asked U.S. District Judge Robert E. Tahan for permission to substitute a sweeping antitrust complaint for an earlier motion he filed to force the Braves to remain in Milwaukee through 1965.

No hearing date was set for Demet's petition.

The Braves, ordered by the National League to fulfill a contract and play in Milwaukee County Stadium next season until moving to Atlanta in 1966, said earlier Tuesday they would accept a circuit court injunction barring a transfer in 1965.

NEW RECORDS NEAR FOR JIM

NEW YORK (AP) — Jimmy Brown's seventh carry next Sunday against the Green Bay Packers will mark another National Football League plateau for the Cleveland Browns' great running back.

It will be Brown's 2,000th attempt to burst through an enemy line, and never before has an NFL player made that many tries. Brown, who broke the 1,000-yard mark for the sixth time last Sunday, has gained more than 10,000 yards since coming into the league eight years ago.

Brown needs just two more TDs to top the mark held by the legendary Don Hutson who scored 105 in 11 seasons.

Brown, of course, tops the NFL rushers with 1,081 yards in figures released today by the league. Chicago's Johnny Morris is the top pass receiver with 77 catches. Bart Starr of Green Bay tops the passers and Lenny Moore of Baltimore is the leading scorer with 15 touchdowns for 90 points.

SHIP BATTLES TO REACH LAND

ELIZABETH CITY, N. C. (AP) — The Adios battled unfavorable northwest winds today in her attempt to reach some point along the East Coast.

The Coast Guard at Elizabeth City located the 35-foot Philadelphia-based sailing craft 40 to 50 miles south of its Monday position more than 100 miles off Cape Hatteras and said it was maintaining radio contact with the craft.

The Coast Guard said it could not estimate the Adios' arrival time or where she would reach land. Her crew of three was reported in good shape. They are Peter Secunda, Ronald Emory and Bill Winters, all from the Philadelphia area.

The Adios left Wildwood, N. J., last Tuesday for Bermuda but sustained a broken rudder and radioed a distress signal Friday. She began her trip to the coast after repairing the rudder Sunday.

YOGI BERRA TO COACH UNDER CASEY STENGEL

By JACK HAND

Associated Press Sports Writer
NEW YORK (AP) — Old Yankee never die. They just become Mets. Yogi Berra is the latest to cross over the bridge, following in the footsteps of Casey Stengel and George Weiss.

Berra will be a coach under Stengel, his old boss. If he can get into shape in spring training, Yogi will be placed on the active list as a player-coach.

This badly kept secret became a fact Tuesday when the Mets made the announcement at a news conference. Weiss, the club president, and Berra were on hand. A special telephone hookup to Glendale, Calif., was set up to bring Manager Stengel's comments across the nation.

TO WEAR NO. 8
They even had a Met uniform for Yogi. Naturally, it had No. 8 on the back.

The publicity staff thought of everything. It even had a message from Chris Cannizzaro, the Mets' catcher who was the old No. 8. He bowed out in style, waiving his rights to No. 8 in a message from San Leandro, Calif.

Berra will be the highest-paid coach in baseball. And probably in football, too. He will get a reported \$40,000 from the Mets and \$25,000 from the Yanks in what Weiss described as "severance pay."

\$25,000 BONUS

Yogi had made a more fortunate deal as a special field consultant after the Yanks fired him as manager the day after the World Series.

Under the terms of the Yankee contract, Yogi could take a job elsewhere and still get the \$25,000. Under those circumstances it almost pays to be fired.

"I am happy to be coming here," said Berra. "I'll do whatever Casey wants. I'm going to work out in spring training. I may play if I can. I did catch some batting practice last spring."

On the telephone hookup from California, Stengel was in his usual form.

"DELIGHTED TO HAVE YOU"
"Very, very delighted to have you, Yogi," he said to the man he used to call his assistant manager. "I know you'll be very successful. . . . I looked up your record and it took two pages. . . . Don't get into many jams. I don't want you to go fight that fellow Clay."

In 18 years with the Yanks, Berra had a lifetime batting average of .285, hit more home runs than any catcher (313), and added 45 more as an outfielder for a total of 358. He played in 14 World Series and 15 All-Star games.

The Yanks made Berra a player-coach in 1963 and in 1964 he took over as manager when Ralph Houk moved up as general manager. He won the pennant but lost the series and was fired the next day.

4 RED WINGS HURT IN TILT

DETROIT (AP) — Injuries are again starting to hit the Detroit Red Wings and the coach Sid Abel must be wondering if they'll ever stop.

The Red Wings left four players in Detroit Tuesday night after bowing to the New York Rangers 2-1 in the only National Hockey League game played. Seventeen Red Wings missed a total of 105 games last season. But enough of them got healthy near the end of the regular season and helped the team come within an eyelash of winning the Stanley Cup.

Detroit, still leading the league by one point plays at Chicago tonight, while Montreal is at Toronto.

A bruised ankle has sidelined Floyd Smith, while Eddie Joyal and Ron Murphy were left behind because of shoulder injuries.

The other injured player is Larry Jeffrey, who has been nursing a knee injury for most of the season.

DIES OF INJURIES

CHAMBERSBURG, Pa. (AP) — Joyce Kim Kuhn, 8, of Williamson died at Chambersburg Hospital Tuesday after being struck by a pickup truck on Route 995 near her home. State police said the girl darted in front of a truck driven by Gary Lynn Meyers, 19, of Williamson.

NEW JUSTICE

Old Pro Combo Is Together Again

LAFAYETTE, La. (AP) — While Arnold Palmer and Jack Nicklaus were studying the rolling contours of Oakbourne Country Club for their down-to-the-wire duel for the 1964 golfing money championship, a class reunion of sorts was going on in another foursome.

It was 1946 when Gardner Dickinson Jr. and Luca Barba, host pro for the \$25,000 Cajun Classic Golf tournament, began playing golf for Louisiana State University.

They got together again Tuesday in a practice round for the Cajun Classic and briefly relived the days when their LSU golf team—which also included Jay Hebert, who, like Gardner, is now one of the fixtures of the play-for-pay circuit—won two NCAA championships.

"That's been so long ago we'd like to forget what year it was," said Barba, whose older brother, Mike, was coach of the LSU squad in those days.

PITT, STATE ALMOST LIKE CARBON COPIES

PITTSBURGH (AP) — The Pitt and Penn State football statistics almost look like carbon copies.

The two teams that clash Saturday in the state's top annual rock 'em, sock 'em grid affair stack up this way on paper:

First downs—Penn State 144, Pitt 150; total offense—Penn State 2,564, Pitt 2,664; passes completed—Penn State 72, Pitt 69; Points—Penn State 161, Pitt 152.

Penn State has a 5-4 record; Pitt is 3-4-2. They played six common opponents.

Both beat Army and West Virginia and lost to UCLA, Oregon and Syracuse. The only difference in common opponent results was that Pitt tied Navy while Penn State lost to Navy.

Both Penn State and Pitt got off to bad starts this season, but appeared to improve as the season moved along.

SCARED IRISH
Pitt, with injured tackle Ron Linaburg back in the lineup, threw a scare in to top-ranked Notre Dame two weeks ago by losing 17-15. Last week the Panthers rolled over Army 24-8 with halfback Bill Bodle back in action.

Penn State, profiting from the increasing experience of quarterback Gary Wydman and fullback Tom Urbanik, whipped its last five opponents, including a 27-0 trouncing of Ohio State.

The game at Penn State is a sell-out. It may break the Nittany Lion attendance record of 49,389 set last year against Army.

Col. Glenn Takes Refresher Course

EL TORO, Calif. (AP) — It's back to school for Col. John H. Glenn, Jr., the first American astronaut to orbit the earth.

Glenn checked in at the El Toro Marine Air Station Tuesday for a two-week refresher course in flight training. Purpose of the course is to restore his status as an unrestricted pilot.

Glenn has been grounded since a bathroom fall earlier this year impaired his sense of balance.

Glenn plans to retire from the Marine Corps in January to enter private business. He will continue working part time for the National Aeronautics and Space Administration.

Russia Is Luring Winter Tourists

MOSCOW (AP) — Soviet authorities are promoting the Soviet Union as a winter playground for Western tourists.

Seeking more foreign revenue, the government travel agency Intourist announced rate cuts of from 15 to 45 per cent starting Dec. 1.

Tourists to the Soviet Union must arrange package deals with Intourist covering hotels, meals, transportation and guides.

RAWALPINDI, Pakistan
(AP) — About 200,000 buses, trucks and cabs stayed off West Pakistan roads today in a strike against a law to check fatal accidents.

It was the third day of the strike, which has nearly paralyzed transportation in the province of 48 million people.

The West Pakistan government has ordered persons accused of responsibility for fatal road accidents to be tried for murder.

NEW YORK (AP) — The Lambert Cup selectors spread some icing on the cake of an unbeaten season for Amherst today by moving the Lord Jeffs to the top of the weekly small college rankings.

Amherst received an 8.8 rating from the board of coaches, writers and broadcasters, on the basis of 10 for first, nine for second etc. Temple, which knocked Gettysburg off the top spot, advanced to a second place tie with Bucknell at 8.1 while unbeaten Wagner took over fourth at 6.1.

Gettysburg dropped to fifth place, followed by Albright, East Stroudsburg, Cortland, Vermont and Williams.

BULLETS NIP CELT'S 102-99

By THE ASSOCIATED PRESS
The Boston Celtics shook up the rest of the National Basketball Association with 11 straight victories at the start of the season and now they're doing a pretty good job on their coach, Red Auerbach.

The Celtics have lost three of their last four games and blown huge leads each time. The Baltimore Bullets took advantage of Boston's latest letdown Tuesday night, scoring a 102-99 victory over the Celtics.

In other NBA action Tuesday night, St. Louis outlasted Philadelphia 114-107 and Cincinnati turned back San Francisco 114-108.

Boston's first loss came against Philadelphia last Thursday in a game in which they held a 25 point lead with 30 seconds left in the third quarter. The next night Los Angeles overcame a 15-point deficit in the last 10 minutes to beat the Celtics.

Boston had a 17-point halftime bulge against the Bullets and built it to 23 in the first four minutes of the third period. Then Don Ohl ignited a Baltimore burst that caught the Celtics with 4 1/2 minutes left in the game.

NCAA ISSUES WINTER RULE

KANSAS CITY (AP) — The National Collegiate Athletic Association put into effect today a rule that athletes at its 620 member schools may not compete this winter in open meets not sanctioned by the United States Track and Field Federation.

The policy was adopted by the NCAA council in New York Nov. 4. Robert F. Ray of the University of Iowa, NCAA president, announced today it is in effect. It does not apply to this year's cross-country competition.

Invoking the rule signals resumption of the NCAA's scrap with the Amateur Athletic Union over the sanctioning of track and field meets. The late Gen. Douglas MacArthur negotiated a truce between them in January 1963, but it expired with the end of the Olympics in Tokyo.

AAU spokesmen in New York were not available for comment.

The AAU contends it has the sole right to sanction open meets in the United States. It has refused to sanction events which accept formal sanctions from the USSTF and other federations aligned with the NCAA. The fight has been going on more than three years.

Loans Create 300 New Jobs

HARRISBURG (AP) — John K. Tabor, secretary of commerce, says 300 new jobs will be created as a result of \$336,000 in loans given tentative approval Tuesday by the Pennsylvania Industrial Development Authority board.

The loans were for three industrial projects in Columbia and Luzerne counties, said Tabor, PIDA board chairman.

An application by Berwick Industrial Development Association, Inc., for a loan of \$160,000 to be used for a new building for Nescopek Knitting Mills, Inc. This will create an estimated 200 new jobs for Pennsylvanians.

Berwick (Columbia County) — An application by Spirit, Inc., for a \$160,000 loan for the construction of a new building. This project will create approximately 20 new jobs.

Wilkes-Barre (Luzerne County) — An application by the Committee of 100, Inc., for a \$160,000 loan to finance a new building, creating an ultimate 80 new jobs.

BULLET STAR HIKES LEAD

Gettysburg quarterback Jim Ward lengthened his lead in both passing and total offense in this week's Middle Atlantic Conference university division statistical roundup. The Bullet ace has notched 54 of 111 passes and tallied 812 yards for the highest total offense in the entire MAC.

Teammate Ken Snyder still leads in receiving, although Bucknell's Tom Mitchell edged closer last weekend. The rushing and scoring leads are still held by Bill Hopkins of Delaware, but the punting leadership has been taken over by Bucknell's Tom Havern with a 36.5 average.

Delaware was idle in the conference last week, but the Blue Hens still lead in rushing offense, total offense and total defense.

After defeating Gettysburg, the newly crowned MAC champ, Temple leads in rushing defense and scoring, but the Bullets' aerial game is still tops on both offense and defense.

BUCKEYES AND IRISH PICKED TO ADD WINS

By HAROLD CLAASSEN
Associated Press Sports Writer
NEW YORK (AP) — Unlimited substitution is being sought by many college football coaches for next season. There may be unlimited substitution among football forecasters, too, if last week's record isn't improved upon.

It brought the season's average to .695.

Hopefully, here are this week's picks:

Notre Dame over Iowa: Notre Dame has Huarte and Iowa has Snook, two of the season's best aerial artists, but Notre Dame also has a lot of others and Iowa doesn't.

OTHER CHOICES
Yale over Harvard: Chuck Mercein, the Yale fullback, is one of the best in the country.

Ohio State over Michigan: The Big Ten title and the Rose Bowl invitation hinge on this result with the Buckeyes favored despite Bob Timberlake.

Oregon State over Oregon: Two of the season's surprise teams tangle with the Oregon States finding a way to stop Bob Berry.

Florida State over Florida: The Seminoles have the better line.

PICKS SOUTHERN CAL
Kansas over Missouri: Annually one of the most rugged struggles of the year.

Arkansas over Texas Tech: Tech has the great Don Anderson but he won't be enough against the fierce Razorbacks from Arkansas.

Nebraska over Oklahoma: Providing the Huskers concentrate on the game and aren't dreaming about the Cotton Bowl game on New Year's day.

Southern California over UCLA: A cross-town rivalry with a slight Rose Bowl tinge.

SURGERY FOR JOHN THOMAS

BOSTON (AP) — Cassius Clay expected some welcome company in the hernia surgery ward at Boston City Hospital today in the person of high jumper John Thomas.

Thomas, 23, who won a silver medal in the high jump at the Olympics in Tokyo, was to be operated on for a hernia which has bothered him since before the Olympics.

Thomas put off surgery to be sure he would be able to jump at Tokyo.

A spokesman for the hospital said Clay is "getting along very well" in his recuperation program but there still is no decision on when he will be able to leave the hospital.

Clay underwent surgery for an incarcerated hernia last Friday night, three days before he was to have defended his heavyweight boxing championship against Sonny Liston.

REP. HALLECK IS UNMOVED BY GOP RUMBLES

WASHINGTON (AP) — Rep. Charles A. Halleck sat in his quiet Capitol office, surveyed the election results and said, "The '36 debacle was worse than this."

The House Republican leader from Indiana told a news conference: "I can't read into the results any great mandate to change the course of the country."

As for the immediate, specific consequences, he said, "If you ask me I guess medicare will go through." He referred to medical care for the elderly under Social Security which has been stuck in a House committee despite President Johnson's prodding.

He also said Johnson could probably get through his proposal to aid the Appalachia area — a key part of his antipoverty program.

Should Barry Goldwater bow out of the national Republican picture after his defeat in the presidential race?

"Adlai Stevenson didn't bow out, did he?" said Halleck. "And he got licked pretty bad."

Halleck had kind words for Republican National Chairman Dean Burch and said any changes in the Republican National Committee were its own responsibilities — not his.

Asked to comment on rumbles of discontent in the party with his own House leadership, Halleck said, "No one has said anything antagonistic to me." He said he had read such things in newspapers and "from time to time they've had me chewed up and dumped into the ash can."

ICC Decision On Merger Is Distant

WASHINGTON (AP) — The Interstate Commerce Commission's final decision on the proposed merger of the Pennsylvania and New York Central railroads may not come until the end of next year or early 1966.

This was learned after it became known Monday that an examiner's recommendation in the case is not expected to reach the commission before January. And it may not reach the commission until next June.

Two examiners and a handful of ICC staff members are studying the 40,000-page record covering 128 days of hearings into the proposal. The hearings stretched over a year and a half.

The examiners and staff members must consider not only whether or not to approve the merger, but whether or not to let any of a number of smaller railroads join the merger.

Hired Man Sows Wrong Wheat Field

PRETTY PRAIRIE, Kan. (AP) — Cecil Siebert went to his field to sow wheat and found the job already taken.

Eric Zacharias told Siebert he had been hired to sow the wheat.

After further conversation it developed that Zacharias was working in the wrong field. Siebert hadn't hired anyone.

State Sets Aside Area For Arms

FRANKFORT, Ky. (AP) — Robin Hood would feel right at home in one little part of the lush Cumberland National Forest. So would Miles Standish. It's because Robin's longbow and the blunderbuss of the Pilgrims are among the weapons prescribed for hunters' use in the area.

The state Department of Fish and Wildlife Resources and the U.S. Forest Service set aside an 8,000-acre tract in the forest as a primitive weapons area. The weapons are defined as longbows, crossbows, muzzle-loading rifles and muzzle-loading shotguns.

Among the animals hunted on the heavily timbered hills are squirrel, doves, rabbits, quail and deer.

POLISH GIRL, 13, HIDES IN BARN TO AVOID TRIP

By KEN HARTNETT
HARTFORD, Conn. (AP)—A flaxen-haired Polish girl must

make a tough decision for a 13-year-old: rejoin her parents behind the Iron Curtain, or stay in the United States.

The girl, Henia Wysocki, slipped away from home and hid in a barn last Wednesday when her parents left for Poland via Montreal.

"I don't want to go back," she said when found. By then her parents had reluctantly sailed aboard the Polish liner Batory

without her.

But Monday a cousin said: "She would like to be back with her mother and father. I don't know how she'll decide."

Her parents, Leon and Jadwiga Wysocki, were unable to adjust to life in the United States.

NIBBLED CANDY

For two days and two nights, Henia remained in hiding, nibbling on doughnuts and candy. The parents, who had spent

\$2,000 for passage for themselves and their daughter, left word they would work through the U.S. Embassy in Poland for her return.

"I don't want to go back," the child told a reporter. "I like it so much here. I have no friends in Poland. I would not have as many things, as many privileges."

But she would have her parents.

James E. Smith, district director of the Immigration and Naturalization Service, said that Henia is classified as a permanent resident and may remain in the United States for as long as she likes.

Henia is staying at the home of a cousin, Henrietta Clapp, in nearby Bloomfield.

Henia came to the United States with her father and mother three years ago.

BOYLE'S Grab Bag

NEW YORK (AP) — Office thievery is a growing problem today.

Big industries steal their big and small secrets from each other. Spies in business may make more money than spies in government. But most office thieves merely are novelty larcenists — junk takers.

My desk has been invaded by them too often, and I feel they are an ordeal and an unnecessary nuisance.

Most people keep immaculately clean desks. They live as if, when they quit their desks on any day, they had no reason to come back to them tomorrow. If they died overnight, the newcomer who took their place the next morning would face a mirror newness.

I live another way. I believe a clean desk is the sign of a frightened mind.

Most people lock their desks. I don't. I leave my desk unlocked and piled daily higher with a clutter of wistfulness, postponed decisions and unanswered letters.

This is why it puzzles me that I am more often a victim of office thievery than those who keep neat, locked desks.

Experience has convinced me that office thieves either use my desk for practice, or that, mistaking availability for value, they take what is there and hope it may be useful later. Certainly I don't cuddle the secret of how to make cheaper steel or a protein-enriched cola drink.

READ PRIVATE MAIL

I hate to think that an international ring of office espionage artists is employing my desk for a training ground, but how else can I explain that—

My letters from admiring old ladies have been ruthlessly opened, and peered into.

So have been the follow-up letters from their husbands saying, "No matter what my wife wrote you, if you try to sell her anything, I'll tell you right now that I'll not be financially responsible."

So have been my invitations to cocktail parties to celebrate a new tractor, or to judge the vocal excellence of a troupe of visiting canaries.

Careless as I am, I still resent the fact that any office thief should purloin from my desk such as the following:

READ UNMAILED MAIL

My unmailed encouraging note to Gen. Custer, before the Battle of the Little Big Horn in 1876, "just keep on herding those Indians, George, and you'll be back in Washington as Army chief of staff."

A wry postcard from William Jennings Bryan following his defeat for the presidency in 1908, after earlier losing in 1896 and 1900, "Well, you can't win them all, kid!"

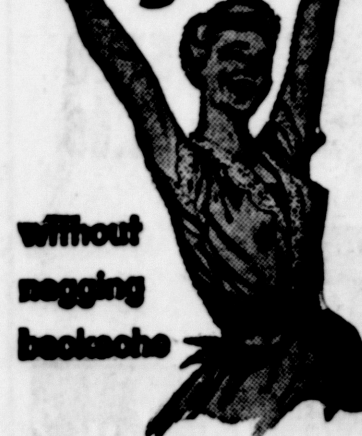

The telegram I sent to a man named Ford: "If you ask my advice, Henry, don't put your trust in a four-wheeled vehicle just because it wears out more tires. The big future is in a three-wheeled car."

And the advice I gave to Tom Edison: "What's the use of putting a light inside a closed glass bulb — if it makes it just that much harder to reach with a match?"

The trouble with an office thief is that he usually steals something that isn't at all important to him but may be to the one he preys upon.

There isn't much glory in robbing a city dump, and a guy who holds up a dump instead of a bank shows himself to be a pitiful amateur — and so do most off ee thieves.

CASH RECEIPTS UP FOR FARMER IN 9 MONTHS

WASHINGTON (AP) — Despite prolonged drought, the cash receipts of Pennsylvania farmers increased slightly in the first nine months of the year, the Agriculture Department reports.

But the drought has increased farm expenses in the state, a factor which could lower net income for the year.

The increase in cash receipts—the largest part of a farmer's gross income—came in the face of a slight over-all national decline in receipts from farm marketings.

DESPITE DISASTER
Cash receipts in Pennsylvania rose 1.5 per cent between January and September compared with the same 1963 period, the report said. Nationally, cash receipts were down one-half of 1 per cent.

Much of the state has been declared a disaster area by the department because of drought.

But despite this the department said cash receipts from both livestock and crops increased in the state during the first nine months of the year. A spokesman offered these explanations for the phenomenon today: Farmers have been forced to increase their use of feed grains for cattle and poultry to maintain production. This increased expense could be felt in lower net income.

Many crops harvested this year won't be sold until next year and consequently are not included in this year's crop sales. The department said two-thirds of the corn harvested nationally this year won't be sold until 1965.

A Bit Of History About Early Settlers

By B. F. M. MacPHERSON

THE HARPER FAMILY

The notes on the pioneer Harper family, of the Marsh Creek Settlement, in what is now Adams County, Pennsylvania, are continued at this time.

Inscriptions from the Harper burial plot in Lower Marsh Creek Presbyterian churchyard:

3. "Sacred — to the memory of — Samuel Harper — Died July 7, 1842 — aged 39 years."

Note: This Samuel Harper was probably the son of John (1757-1839) Harper, who was listed in last week's column.

2. Adams Sentinel, Monday, July 11, 1842 —

"Died, Thursday, July 7, 1842, after a long and painful illness, Mr. Samuel Harper, of Freedom Township, this County, in the 40th year of his age."

3. Adams Sentinel, Wednesday, March 3, 1819 —

"Died, in Liberty Township, Adams County, on the night of the 21st, 1819, Mrs. Jane Harper, the wife of Mr. John Harper and the daughter of Mr. William Waugh, of Carroll's Delight. She was delivered on said day, of twin children — one living and the other dead. She suffered much for some days previous, and bore her sufferings with Christian patience and resignation, and changed the troubles of this world, we are led to hope for a happy immortality—leaving a disconsolate husband and a numerous circle of friends to mourn her loss."

Note: Jane (Waugh) Harper, the wife of John, was probably a daughter-in-law of John Harper, Sr. soldier of the American Revolution, whose tombstone inscription was given in this column last week. It would appear that Jane Waugh's husband was the second John Harper.

4. Adams Sentinel, Wednesday, October 20, 1824 —

"Died, October 11, 1824, Jane Waugh Harper, daughter of Mr. John Harper of Liberty Township, this County, in the 6th year of her age."

Note: The twin daughter of John and Jane (Waugh) Harper, whose mother died in childbirth. Undoubtedly this child is buried on the Harper family plot in Lower Marsh Creek but the marker at her grave has long

since disappeared.

4. "Sacred to the memory of — Eliza Kerr Harper — wife of — Samuel Harper — Born February 3, 1803 — Died March 13, 1869."

Note: The wife of Samuel Harper, who, in turn, was probably a son of John Harper, Sr.

Eliza (Kerr) Harper was a member of an old and outstanding pioneer family — a descendant of George Kerr, who early settled in the Manor of the Masque. At the present time there are only four marked graves of the Harpers in Lower Marsh Creek. There must have been many other burials — but all records have been lost.

It is a well-known fact that the Harpers were an old and honored family in what is now Adams County. Robert Harper founded the county's first newspaper, the Adams Sentinel (later the "Star and Sentinel"), in 1800 and his descendants carried on his work for some years. The widow of Robert Harper edited the paper over a period of time. She later became the wife of Alexander Cobean.

In the files of the "Adams Sentinel," under the dates given, the following date on the Harper family is to be found. It must be admitted that, at the present time, it is impossible to present this material as a coherent genealogy — but an attempt will be made to identify various members of the clan.

5. Wednesday, November 13, 1816 —

"Departed this life on Friday morning, November 7, 1819, in the 46th year of his age, Mr. Robert Harper, Editor of the 'Adams Sentinel.'"

Note: The grave of Robert Harper is in the Evergreen Cemetery, Gettysburg. It was moved there some years after his death probably from the old Presbyterian churchyard on North Washington Street.

6. Wednesday, January 21, 1818 —

"Married, Thursday, January 8, 1818, by the Rev. Mr. Green, Mr. John Harper to Miss Eliza Horner, daughter of Mr. Alexander Horner, all of this County."

Note: Until additional information can be obtained this

must be counted as unknown branch on the Harper family tree.

7. Wednesday, May 26, 1819 — "Married, Thursday evening, May 13th, 1819, by the Rev. David McConaughy, of this County, Colonel Alexander Cobean to Mrs. Priscilla Harper, both of this Borough (Gettysburg)."

Note: Priscilla (Harper) Cobean was the widow of Robert Harper, first Editor of the "Adams Sentinel." She is buried in the Evergreen Cemetery beside her husband.

8. Wednesday, September 4, 1822 —

"Married, Thursday evening, August 29, 1822, by the Rev. David McConaughy, of this County, Mr. Michael C. Clarkson to Miss Louisa Harper, sister of the Editor of this paper, both of this place."

Note: Louisa (Harper) Clarkson, the daughter of Robert and Priscilla Harper, married Colonel Clarkson, who at one time lived in the York Springs district, this County, for he was a member of Christ Episcopal Church. Robert Clarkson, the son of Thomas and Louisa (Harper) Clarkson, became an Episcopal priest and was the first Episcopal bishop of Nebraska.

9. Wednesday, August 3, 1825 —

"Died, Thursday evening, July 28, 1825, Bayard Harper, infant son of the Editor of this paper, (Robert G. Harper), aged 7 weeks and 5 days."

Note: This little boy was the grandson of Robert (1) and Priscilla Harper. He is buried, with other members of the family in the Evergreen Cemetery.

9. Wednesday, March 27, 1827 — "Married, Thursday, March 15, 1827, by the Rev. John Herbst, of this Borough (Gettysburg), Mr. David Harper to Miss Elizabeth Schoener, both of this Borough (Gettysburg)."

Note: Another unknown, or unidentified branch, on the Harper family tree but undoubtedly a descendant of John Harper, the pioneer, who was part of the Marsh Creek Settlement.

10. Wednesday, September 17, 1828 —

"Married, Thursday evening, September 4, 1828, by the Rev. William Runkle, Mr. Samuel Kitzmiller to Miss Jane Harper, both of this Borough (Gettysburg)."

Note: Another unknown — still to be identified and arranged in order — sometime in future.

The notes on the Harper family will be continued in this column next week.

TRUAX CITES 3 CAUSES OF GOP'S DEFEAT

HARRISBURG (AP)—Republican State Chairman Craig Truax says three issues — not one man—brought about the GOP's defeat in the national election two weeks ago.

Truax, speaking Monday before the 42nd annual convention of the Pennsylvania Council of Republican Women, listed the three issues as sectionalism, radicalism and racism.

"Let there be no more schemes which seek to divide us by building barriers of sectionalism, and let there be an end to attributing unpure motives to Republicans of any land area of America," Truax said. "I say this without bitterness, but I say it as one of the millions who were most recently ostracized as 'members of the Eastern establishment.'"

MISREPRESENTED

"Vast sums of money were raised and spent by radicals of the Far Right to propagandize our party long before we met in San Francisco. We as a party were shockingly misrepresented to our country. All of our candidates—and potential candidates—were undercut long before our party met in convention to adopt a platform or to select nominees."

Later, in a speech before the Pennsylvania Republican Negro Council, also meeting here, Truax expressed concern that Negroes voted in an almost solid block for the Democratic party.

"This unnatural Negro deviation from citizen response in the voting booth is shocking," Truax said, adding:

NOT LOGICAL OR JUSTIFIED

"It can only mean one of two things: total subservience to Democrats, or total condemnation of Republicans as an instrument of self-government."

"Neither is logical, or justifiable . . ."

"Republicans do not pose as being all good on any score. No instrument of man is beyond criticism. We are willing to take our fair share of censure. But, we as Republicans must — and do insist that honest judgment be made upon the two parties, and upon the people of the parties . . ."

"We ask nothing except fair judgment. We know that what

BIRCHER SAYS IT'S OK FOR COP TO BELONG

PHILADELPHIA (AP)—The national director of public relations for the John Birch Society says there is nothing wrong with policemen being members of the society.

John H. Rousselot said about 20 Philadelphia policemen are members of the society. He told a news conference Monday that "membership would not interfere with a policeman's performance of his duty."

Rousselot said he called the news conference to clear up statements made by Mayor James H. J. Tate. He called Tate's statements about policemen in the society, "absolutely false," and accused the mayor of trying to get publicity without finding out about the society.

"NOT WELL INFORMED"

Rousselot said the mayor stated that the organization is a secret one.

"The mayor is not well informed," said Rousselot. "He has erroneous sources."

Tate has said he thinks membership in the John Birch Society limits "the capabilities of the police officers involved; they can't be useful in their assignments."

Rousselot said "There is absolutely nothing wrong with police being members of the John Birch Society . . . membership would not interfere with a policeman's performance of his duty."

DENIES "CELLS"

Tate also has said that policemen were establishing "cells" in their homes. "This is the way the Nazi party began and this is the way the Communist party operated in the 40s," Tate said.

Rousselot said, "The charges that we're like the Communists or Nazis were completely dispelled two years ago during an investigation by the California legislature." He is a former California congressman.

Rousselot said the mayor has not answered his request for a meeting.

Missionaries Must Be Accomplished

HONOLULU (AP)—Want a job as a missionary or a mission worker on a Pacific island?

Here are some of the qualifications, listed in the Church Gazette of the Anglican Diocese of Polynesia, published in Suva, which is advertising vacancies in such posts:

Ability to mix with people, mix concrete, wade rivers, write articles, love one's neighbor, deliver babies, sit cross-legged, conduct meetings, drain swamps, digest questionable dishes, patch tires, patch human weaknesses, suffer fools gladly and burn midnight oil.

There's more! Persons allergic to ants, babies, beggars, chop suey, cockroaches, guitars, humidity, itches, midew, mud, poverty . . . had better think twice before applying.

Morris Mayer, associate professor of marketing and a developer of the new system, said sales forecasting is the bedrock foundation of all retail decisions. The forecast helps management decide on merchandise and operating expense budgets, projected personnel needs and changes in physical facilities.

QR is economical

The Quick Recovery Flameless Electric Water Heater is your most practical choice. Here's why—

- Costs less to buy because it's smaller in size.
- No need for flue, vent or chimney connection—because it's flameless.
- Reduces plumbing costs because it can be installed close to point of hot water use.
- Gives you plenty of hot water at our special lower water heating rate.

Ask your plumber or appliance dealer about QR.

SCHOOL SUPT. AT CARLISLE SPEAKER FOR LIONS SESSION

The educational system of Germany was contrasted with that of Pennsylvania in a talk given Tuesday evening by a Carlisle educator at the semi-monthly meeting of the Upper Adams Lions Club.

Eighty-seven members and guests attended the dinner meeting at which the elementary teachers of grade schools at Arendtsville, Bendersville and Biglerville were guests. The Lions had designed the evening as Elementary Teachers' Night.

The speaker was David Swartz, superintendent of schools in Carlisle. He was introduced by Donald B. Hudson, superintendent of the Upper Adams School District.

Mr. Swartz told of a recent trip to Germany as one of 14 educators from this country selected to go to Germany to study the school system there.

The club's educational committee, headed by Clyde McCauslin, arranged for the meeting and Mr. McCauslin presented Supt. Hudson to make the introduction.

Supt. Swartz, whose trip to Germany was arranged through the American Association of School Administrators, described the German school system as a reversion to the old Bavarian educational system. He said the German people were so dissatisfied with the type of education provided during the Hitler regime that they returned after World War II to the old Bavarian plan.

Under that system, the speaker said, the education of all children is much the same for the first four grades and then a series of examinations are begun, given by competent teachers, and the results of the tests determine the future educational pattern for each pupil.

Later in the testing program an important exam decided irrevocably whether a student may enter the gymnasium to prepare for university work. Students who reach their academic limits are required to go to vocational schools and learn a trade. The speaker said the vocational schools are excellent and are followed by a three-year apprenticeship after the completion of training.

dragged bleeding from the debris of the restaurant.

Police arrested four boys between the ages of 15 and 20 for questioning.

At least a dozen U.S. jets were parked in the vicinity of the blast, but they were not damaged.

Only the roof frame of the wooden and concrete restaurant was left standing. Tables and chairs were blown through a wall into a high fence separating the restaurant from the entrance to the civilian air terminal.

LICENSE SUSPENDED

HARRISBURG (AP) — The state Liquor Control Board Tuesday suspended the license of Kenneth H. and Martha J. Rohrbach, K and M Bar and Grille, Sunbury, for 10 days because of sales to minors.

KILLED IN FALL

PHILADELPHIA (AP) — William C. Linder, 61, a painter employed by the Atlantic Refining Co., was fatally injured Tuesday in a 12-foot fall while working at the company's office.

The speaker said he felt the Bavarian system by cutting off the opportunity for all higher education to pupils who fail the crucial exam does not offer as much opportunity for advancement as the American system which aims at the development of the full potential of every boy and girl.

The speaker referred also to the low rate of juvenile delinquency in Germany today and attributed it to the great extent to which parents assume responsibility for their children's actions and training.

President Robert Gillelan presided at the meeting which was held in the high school cafeteria.

LIM BOARD MEETING HELD

The Rev. Dr. Paul L. Reaser, pastor of St. James Lutheran Church and president of the board of directors of the Lutheran Inner Mission, presided Monday evening at a regular meeting of the LIM board in the Zion Lutheran Church at Newville.

Members attending included these from Adams County: David C. Houke, Arendtsville; Rev. Harold Stoudt, East Berlin; and Mrs. Henry T. Bream, executive director of the agency.

The change of the Lutheran Inner Mission office location from First Lutheran Church to Trinity Lutheran Church, Commerce and Philadelphia Sts., Chambersburg as of November 13 was announced at the meeting.

REPORTS GIVEN

There were 12 members of the board present representing the three districts, Carlisle, Chambersburg, Gettysburg, currently in the social service area of the West Pennsylvania Conference Lutheran Inner Mission.

Rev. Glenn Stahl reported for the Social Services committee that his committee had reviewed and redefined "special services" for which budget increase would be necessary with the proposed development of more foster homes for children, for the aged and handicapped, and for recruiting and training homemakers. The Finance Committee has presented a minimum budget for 1966 as requested by the synod office.

The Personnel Committee, Mr. Houck, chairman, reiterated the need for an additional caseworker and urged those present to carry this report to the congregations they represent. The caseworker must be a college graduate preferably with a major in sociology or with social work training and/or experience. Special consideration will be given to a social worker with graduate training.

WORKING ON MERGER

James Raun, Dr. Reaser and Mrs. Bream reported on progress being made toward completion of the merger plans with York Lutheran Welfare Service. The name for the new

Annual Christmas Dinner Cancelled

The annual Christmas banquet of the Fairfield AMVETS Auxiliary was cancelled Tuesday evening at a meeting in the post home. The Christmas party for children will be held at the post home December 9 at 7:30 p.m.

The AMVETS, at a meeting last week, donated \$80 to the Fairfield High School Band Association for the purchase of one uniform, and the auxiliary voted \$25 to the association to supplement the uniform fund, which was started by the firemen's auxiliary.

The auxiliary will hold a Christmas party at the December 15 meeting.

The pig-in-poke was won by Lottie Cool. The door prize was awarded to Sara Ann Shultz.

BAND PARENTS MEET MONDAY

The Band Parents' organization of the Gettysburg Junior and Senior High School Bands met Monday evening in the Senior High School band room. Harry Biesecker, president, presided.

Mr. Biesecker expressed his appreciation to all the people who worked to make a success of the organization's recent projects, Prom Peanut Week and the serving of refreshments at the annual cooking school. Band instruments are now insured at the minimal cost of \$1 per instrument. Parents of band members are asked to send this dollar to the Senior High School office as soon as possible.

Mr. Biesecker announced that the Gettysburg Senior High School Band had won first prize in a competition at Newport.

A musical program was presented by the following members of the senior band: Paul Miller, a clarinet solo; Angela Slegal, a flute solo, and a quartet consisting of Barbara Zeigler, clarinet; Ralph Bowersox, soprano clarinet; Barbara Clapper, alto clarinet; and Robert Deitch, bass clarinet.

corporation has been agreed upon, Lutheran Social Service — South Region, through which the 66 Lutheran congregations of four counties will be served, York, Adams, Franklin and Fulton. A 22-member board of directors is to be elected by the executive board of synod.

Mr. Raun urged the board to plan for attendance at the annual meeting of the Lutheran Welfare Council of Pennsylvania on April 26 and 27 at Allentown.

Mrs. Bream reported that 18 new requests were received in September of which 13 had been accepted as follows: Four for casework, three for counseling, five for foster home study and one for material relief; in October there were 20 new requests of which eight were accepted, one for counseling, one for foster home study and six for casework. Other requests were referred to other agencies or were held for further determination. There was a total of 55 families and/or individuals being served as of October 31.

FILE CHARGES AFTER CRASH

Richard A. Elder, 30, Hanover, was placed in the county jail Tuesday afternoon at 5 o'clock in default of \$75 in fines and costs on charges brought as a result of an accident Saturday night.

The charges, brought by state police before Justice of the Peace E. Ernest Hollabaugh, York Springs R. 2, are based, police said, on an accident Saturday night at 9 o'clock when Elder's car smashed into the restaurant portion of the Fair Easo Station, two miles south of York Springs on the Hanover Rd.

Charges listed, according to the jail records, are reckless driving, bad pass and failure to reveal identity at the scene of an accident.

Police went in search of the driver Saturday night when they, the York Springs ambulance and fire company arrived at Fair's service station to find that a car had left the highway, completely demolished a telephone booth and then smashed into the front of the restaurant, coming to rest with the car half in and half out of the building. No operator or passengers of the car were found by the arriving police and firemen Saturday night. Damage was estimated at \$9,000.

FIRESTONE SERVICES

Funeral services for Mrs. George H. Firestone, 50, who died Thursday in Auburn, Calif., were held Tuesday afternoon at 2 o'clock at the Peters Funeral Home, Carlisle St. The Rev. W. William Kennard officiated. Interment was made in Hillcrest Memorial Cemetery. The pallbearers were Nevin Englebert, Clair Tate, Roy Swope, Richard Reaver, John K. Lot and Earl Smith. In addition to survivors listed previously, Mrs. Mary Freshman Steunour, Gettysburg, is a step-sister.

REBELS ASKED TO SPARE LIFE OF MISSIONARY

LEOPOLDVILLE, the Congo (AP) — Prime Minister Jomo Kenyatta of Kenya appealed Tuesday to the Congolese rebels in Stanleyville to spare the life of American missionary Paul Carlson, threatened with execution.

The message was directed to Congolese rebel leader Christophe Gbenye, apparently at the request of Secretary of State Dean Rusk. Rusk appealed to Kenyatta to intercede as chairman of the African committee trying to end civil conflict in the Congo.

The medical missionary from Rolling Hills, Calif., was scheduled to die at noon Monday on a charge of military spying, a Stanleyville broadcast said. Since then the Stanleyville Radio has been silent.

Kenyatta, once jailed by the British as leader of the anti-white Mau Mau terrorists in Kenya, noted that he had appealed Sunday for humane treatment for all civilians held in Stanleyville.

In Bangui, Central African Republic, Mrs. Carlson declared her husband, 36, never had been a spy.

"He wanted above all to ease the miserable condition of the Congolese," Mrs. Carlson said.

She said she last saw her husband Sept. 6, after he brought her and their two young children to the neighboring Central African Republic town of Kamba.

"He could have stayed at Kamba," she said, "but he preferred to return to Ouassou where his patients needed him."

The United States has warned the rebels they will be held to account if Carlson is harmed and Rusk said if the missionary were executed it would be "an outrageous violation of international law and of accepted standards of humanitarian conduct."

JERSEY TO USE WEIGHTED VOTE

TRENTON, N.J. (AP) — The New Jersey Senate, breaking with 188 years of history, has adopted a revolutionary weighted voting system as its answer to the U.S. Supreme Court's "one man, one vote" decisions.

The new voting plan will go into effect Dec. 7, when the legislature is scheduled to hold its next session — unless the State Supreme Court says otherwise in a decision legislative leaders believe might be handed down Nov. 30.

If valid, the weighted voting plan could become a model for other state legislatures in the nation affected by the U.S. Supreme Court decisions of last

Shoe Production Up 20 Million Pairs

NEW YORK (AP)—The U.S. shoe industry expects to produce 600 million pairs of shoes this year, spokesmen said Tuesday.

This would be an increase of 20 million pairs over 1963. The prediction was made at the New York Shoe show, which has attracted 8,000 members of the industry and 700 companies which are showing their lines. Retailers and manufacturers are bullish on the outlook for 1965.

MISSIONARY FAMILIES IN GRAVE DANGER

BALA-CYNWYD, Pa. (AP) — Congolese Rebel threats to execute an American medical missionary have raised grave concern for 64 captive missionaries, wives and children of the Un-evangelized Field Mission, said one of their leaders here.

The Rev. Charles Sarginson, associate director of the mission, said there are 40 missionaries and wives from his organization and 24 children. Five are from Pennsylvania, he said. The others come from throughout the United States, Canada and Great Britain, he said.

The Rev. Mr. Sarginson said the Rev. and Mrs. Charles Mann of Quakertown, Pa., and their two children, and Miss Mary Rutt of Millersville, Pa., were among those captured in August throughout the Congo.

Since they were seized, "We've had no contact with them. No contact whatsoever," said the Rev. Mr. Sarginson.

The minister said his mission heard rumors and reports which indicate the 64 are still alive.

"We have a man in Leopoldville and are in touch with him," said the Rev. Mr. Sarginson, "but he has had no contact with the rebels."

The associate director said the Supreme Court decisions of last year. No state legislature has ever used weighted voting. New Jersey has had one member per county in its senate ever since 1776.

Now, senators will vote on the basis of the population they represent.

The 21 senators will have a total of 125 votes, with 62.6 required for a majority. Votes will be figured to one decimal place.

Until now, it has taken 11 of the 21 senators to pass a bill. It did not matter which 11 senators. Under weighted voting, senators from the five largest counties — Essex, Bergen, Hudson, Union and Middlesex — will be able to muster a majority. The other 16 senators cannot pass a bill unless at least one of the five big-county senators joins them.

COPPER FIELDS HIRE EASTERN COAL MINERS

By NEIL GILBRIDE

WASHINGTON (AP) — It isn't easy for families to pull up stakes, but to combat unemployment the government is helping recruit hundreds of jobless Appalachian coal miners for the Montana copper mines. So far, officials are pleased with the results.

Said a Montana Employment Service report recently: "Many of the new miners have already earned more in one month than they made in an entire year in a series of odd jobs back home."

SOME LEFT JOBS

But, the same report pointed out: "The story did not have a happy ending for all of the new arrivals. Some of them soon became lonely for the old familiar haunts and a few more disenchanted. Others just could not make the grade as hard-rock miners."

The story is being written jointly by federal and state employment services and two independent unions, the United Mine Workers of America and the International Union of Mine, Mill and Smelter Workers.

The coal fields of Appalachia are among the most depressed areas of the nation. Employment has plummeted from about 450,000 in 1948 to 125,000 today, and with increasing automation there is little chance of reversing the trend.

What the federal government is doing is making these miners

Washington Co. Gets Planning Aid

WASHINGTON (AP) — The Urban Renewal Administration has announced approval of funds for three projects in Pennsylvania.

The administration announced Monday that \$5,640 would go to the Pennsylvania Department of Commerce to assist Washington County in its program of comprehensive planning.

Also approved was a \$392,783 grant to Dunmore, Pa., for its 20-acre West Pine Street renewal project and an \$84,791 interest-free loan to Media, Pa., for survey and planning activities for its 23-acre Baker Street renewal project.

— many haven't worked in the fields in years — aware of the job opportunities in the Montana mines. The Labor Department emphasizes that the migration is strictly voluntary; no government pressure is applied.

In the past two years, miners have been recruited from Alabama, Kentucky, Tennessee, Virginia, West Virginia and Pennsylvania to work in Montana, where recent developments in open-pit mining of low-grade ore created a shortage of copper miners.

After training to adapt to copper mining, the men can make up to \$30 a day — more than a fully employed miner in the coal fields.

A spokesman for the UMW said of his dwindling force: "They could not be taken back into the coal mines. We know that, the industry knows that, and the government knows that. There just isn't room for them."

"The important thing is that they get jobs."

PLANE STRUCK TIP OF RIDGE

LAS VEGAS, Nev. (AP) — "Just this much more and he would have cleared that ridge," a sheriff's deputy said Monday, holding his hands about two feet apart.

He was standing in hard-packed snow 50 yards from the ridge called Arden Dome that stopped a Bonanza Airlines F27 turboprop Sunday night. All 29 aboard died in the crash.

Clearly visible from where he stood was Las Vegas' McCarran Field, nine miles to the north, the destination of Flight No. 114 from Phoenix.

Pilot Hank Fitzpatrick, 41, radioed McCarran tower at 8:25 p.m., two minutes before the plane vanished from a radar scope during a heavy snowfall. The only persons who knew what happened in that two minutes are dead.

REMOVE BODIES

A swarm of sheriff's deputies and volunteers removed all the bodies from the 4,200-foot high ridge on the western flank of Las Vegas Valley with the aid of helicopters from nearby Nellis Air Force Base.

The plane did not burn. It broke apart and its pieces veered northward across the top of the dome. Bodies were thrown in every direction.

DEATHS

NEW YORK (AP) — John Emery, 59, stage, motion picture and television actor, died Monday after a long illness. Emery, who came from a theatrical family, began his career in 1925 on Broadway and once was married to actress Tallulah Bankhead. He was born in New York.

CLEVELAND, Ohio (AP) — Rabbi Chaim H. M. Katz, 70, president of the Rabbinical College of Telshe in nearby Wickliffe, died Monday, apparently of a heart ailment.

rary camp, 500 feet below the dome was often silenced with blaring messages over search radios.

"We need something to pry a body loose from the wreckage. Send up a crow bar or something on the next helicopter." By sunset, only a sheriff's rear guard remained at the site to preserve the scene for Civil Aeronautics Board investigators.

Edward Slattery of the Washington CAB office said, "It's too soon to tell what happened. We don't know yet if we are going to reconstruct the wreckage. It would be an extremely difficult job."

His office has impounded the plane's flight recorder.

Slattery and two dozen other CAB and FBI officials met Monday night in Las Vegas.

Only 10 bodies had been identified early Tuesday.

HAND GRENADE BLAST KILLS 3

TRENTON, N.J. (AP) — An exploding hand grenade killed three people in front of a tavern early Tuesday.

Police identified the dead as Patrolman John J. Clowar, 29; John Christie Jr., 37, the holder of the grenade, and a bystander, Harold E. Lesath, 23, all of Trenton.

A second policeman, Roland Czup, 27, was struck by metal fragments in the arm and leg but managed to radio for help.

Police were called to the Oak Cafe at 1 a.m. by the manager, who said a man with a bomb was outside.

Police said Christie was awaiting trial for shooting a special officer in a bar last February.

They said they were questioning Christie outside the tavern when he exploded the grenade in his pocket.

At least five were injured, police reported.

SANTA BARBARA, Calif. (AP) — Donald Culross Peattie, 66, an author, died Monday after a long illness. Peattie, a botanist, wrote more than two dozen books, most of them dealing with natural wonders. He also had been a roving editor for Readers Digest since 1943. He was born in Chicago.

Baltimore Street FREE PARKING IN REAR Gettysburg, Pa.

That's a load off our front.

Now you know why the Volkswagen Station Wagon has that sawed-off look.

There is no front in front because we put our engine in back.

The advantages are obvious: The Volkswagen is 4 feet shorter than standard wagons, but only 9 inches longer than the Volkswagen Sedan.

It parks like a little sports car. Yet inside, you can carry more stuff than any wagon made: 2029 lbs.

Then there are a couple of advantages that aren't so obvious.

The Volkswagen is nearly a ton lighter on its tires than standard wagons. So 35,000 miles to a set is not unusual.

And you'll never need water. Or anti-freeze. The engine's air-cooled. No radiator.

You get the kind of mileage people hope for in compact cars, to say nothing of big wagons. (24 miles to the gallon is average.)

And you're still pushing a hood in front? When all that could be behind you?

Ruby, Oswald's Slayer, Sloppy, Befuddled Man After One Year In Jail

DALLAS, Tex. (AP) — A year behind bars has taken a heavy toll on Jack Ruby.

The once well-groomed, well-exercised night club operator now is a sloppy, befuddled man who apparently suffers from delusions of persecution.

He is confined to a blocked-off section of a hallway inside the Dallas County Jail, a stone's throw from where President Kennedy was assassinated last Nov. 22.

Ruby has been in jail since Nov. 24 when he shot Lee Harvey Oswald, the assassin of the President. Since March 14 he has been under the death sentence imposed by a jury which found him guilty of murder with malice.

SEEK REVERSAL

Ruby's lawyers hope to win a reversal of this verdict when they argue before the Texas Court of Criminal Appeals in Austin sometime next spring.

They will contend, among other things, that local conditions made it impossible for Ruby to get a fair trial in Dallas, and that testimony from certain police officers, which tended to show malice on Ruby's part, should have been ruled inadmissible.

A succession of attorneys have joined and left the Ruby defense team since Melvin Belli was dismissed after the trial. At present, Phil Burleson of Dallas and Joe Tonahill of Jasper, Tex., are the attorneys of record in the case, with Sol Dann of Detroit apparently acting in a consultative capacity for the Ruby family.

COULD BE FREED

Tonahill said Ruby might be a free man in a year if the Austin court reverses the case.

"If the appellate court supports us on the issue of inadmissible police testimony," he said, "then the element of malice will be gone from the case."

Murder without malice means two to five years, and, considering time off for good behavior, Jack already will have served the minimum time on such a sentence.

Meanwhile, in his constantly guarded jail quarters, wearing white coveralls and sandal-type shoes, Ruby waits. Sheriff Bill Decker maintains strict security measures.

LOSES WEIGHT

Those allowed to see Ruby say he often appears to lose touch with reality, and raves about how Jews are suffering because he killed Oswald. He has attempted suicide by banging his head against a steel wall, and by sticking his finger into a light socket. He has lost weight, and his body goes soft.

A man who formerly liked to flash a large roll of bills, Ruby now is a declared pauper. His family is said to have little money. Voluntary contributions apparently help defray legal and other expenses.

New Park Carillon Being Tested

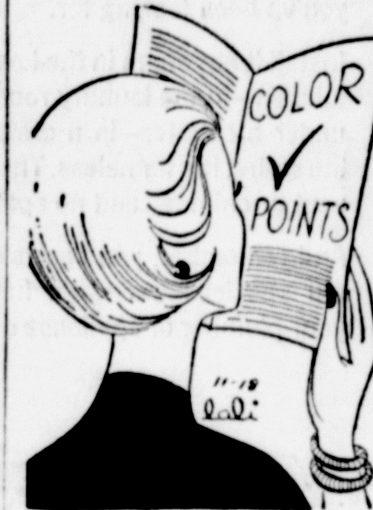

Park Superintendent Kittridge A. Wing is shown inspecting the new carillon equipment installed in the Visitor Center by the Schulermerich Co. for the Daughters of Union Veterans. The carillon, a memorial to the Union troops of the Civil War, will be dedicated April 10 by the national DUV organization. At Wing's right is the console which has been set up in the exhibit area of the Visitor Center, to be used from time to time for concerts by visiting musicians. On his left is the automatic control equipment which will normally play the carillon music at designated times through four loud speakers mounted atop the Visitor Center so the music can be heard throughout the central portion of the battlefield. Tests are currently being run of the carillon, with brief chimes each hour and longer selections at 8 a.m. and 5 p.m. (National Park photo by Martin Conway)

A Lovelier You

HAIR-COLORING CLUES

In themselves, products for tinting and bleaching the hair are close to infallible. It is the human element that accounts for most

problems arising from use. The user slips up!

So if you color-treat your hair or consider the step, a review of the check points for success could not go amiss:

1. Before the use of a durable color product make a skin-sensitivity patch test. Also make a strand test, so as to gauge color reaction. Both should be made 24 hours prior to full application.
2. Keep a snip of your natural hair color, in case you ever wish to recolor to that shade.
3. When making a marked change in color, consult a professional colorist. It may be that you should not make a drastic switch, particularly if you have a very definite skin coloring. In any event, try to have the initial color treatment done by a trained operator.
4. Keep a written notation of your color formula, as a guide to retouching and possible ad-

Stolen Recorder Squeals On Thieves

EVANSVILLE, Ind. (AP) — A stolen recording device squealed on two teen-agers. Detective Sgt. Gerald Baggerly, following a tip Tuesday, went to the apartment of Jack Smith, 19, and John Wingert, 18. There he found the recorder, 10 cartons of cigarettes and some foreign coins.

Baggerly said when he flipped on the machine, it reported it had been stolen from the First Presbyterian church. The detective said the youths had recorded the confession during a party when someone asked where they got the machine.

Smith and Wingert were charged with second-degree burglary.

justments. Do not keep or use leftover coloring.

5. In mixing and applying your formula, follow directions to the letter. Be sure to wear rubber gloves and to avoid splashes on the skin or in the eyes.

6. To keep the color true, do not have a permanent two weeks before or after treatment or over-expose the hair to sun or harsh weather; always use a neutralizing shampoo and any conditioner necessary.

What's your hair problem? You'll find a way to overcome it in my 16-page booklet, **RULE YOUR WAVES**. Advice includes: Beauty treatments for oily, dry and normal hair; ways to manage unruly locks; how to add color and highlights; tips on cutting, permanents and styling; grooming tricks. Accuse White Man Of Raping Negro

CHIPLEY, Fla. (AP) — The Washington County grand jury has indicted a white minister from Slocumb, Ala., for the rape of a Negro girl.

The Rev. Trim Finch, 46, listed as pastor of the Free Will Baptist Church in Slocumb, was named in the indictment, returned Tuesday after two days of testimony.

Police said the 16-year-old alleged victim had been hired by Finch as a baby sitter.

The move was approved Tuesday by the Public Utility Commission.

Two Egyptian

(Continued From Page 1)

Arabic-speaking Jewish communities in North Africa and the Middle East have been planted in branches of the U.A.R. government before.

Dahan denied that he had spied for either of the two Middle East rivals, police said. A linguist with bleached blond hair, he told police he had worked for a time as an interpreter at the U.A.R. Embassy.

The locked trunk was halted at Rome's Fiumicino Airport Tuesday night while it was being shipped as diplomatic mail. Police arrested the two first secretaries who were with it but released them because they had diplomatic immunity.

HEARD FAINT CRIES

Customs officials heard faint cries of help from the trunk. When police opened it, they found an almost unconscious man strapped to an apparatus that looked like it came from a medieval torture box.

The trunk was lined with leather and had a tiny seat, built-in shoes and ankle clips to hold the feet in place, and a metal neck clamp and a kind of crash helmet to hold the head steady.

Police said Dahan told them he was approached by two men from the U.A.R. Embassy on Rome's dolce vita street, the Via Veneto, Monday night. They invited him to a cafe for drinks.

After several drinks, Dahan was quoted as saying, they eased him out of the cafe, slugged him, injected him with some kind of drug and dragged him into a car before he lost consciousness.

ROUT GUERRILLAS

NAIROBI, Kenya (AP) — A government communiqué says 250 Somali guerrillas were routed in one of the biggest battles of the 18-month campaign for control of 60,000 square miles of semidesert grazing land in northeast Kenya.

The communiqué said a security force surprised the guerrillas camped in a deep gully last Saturday.

REGULAR MONTHLY MEETING The regular monthly meeting of the Franklin Township Board of Supervisors will be held Friday, December 11, 1964, at 7:30 p.m. in the Franklin Township garage office.

JOHN A. HALL, Secretary

NOTICE There will be a meeting of the Board of Supervisors of Cumberland Township on Wednesday, November 25, 1964, at 8:00 o'clock, p.m., at Eisenhower Elementary School, Gettysburg, Pennsylvania.

AN ORDINANCE AMENDING CUMBERLAND TOWNSHIP ORDINANCE NO. 11 ADOPTED NOVEMBER 5, 1960, AND AMENDED JANUARY 2, 1962, ENTITLED "SYSTEM OF ESTABLISHING MINIMUM REQUIREMENTS FOR THE INSTALLATION OF SEPTIC TANKS AND SEWAGE DISPOSAL UNITS."

SECTION 1. CUMBERLAND TOWNSHIP: REQUIRING THAT PROPERTIES BE CONNECTED TO PUBLIC SEWERS; AUTHORIZING THE TOWNSHIP TO MAKE CONNECTIONS AT THE EXPENSE OF ANY PROPERTY OWNERS FAILING TO DO SO; AND PRESCRIBING PENALTIES FOR VIOLATION.

Cumberland Township hereby ordains as follows:

Section 1. Section 1 of Ordinance No. 11 is hereby amended to read: Section 1. The term "property owner" when used in this ordinance shall mean any natural person, association, partnership, firm or corporation owning real estate in Cumberland Township, Adams County, Pennsylvania, whether or not a legal resident thereof.

The term "public sewer" shall include all sewers constructed, owned and operated by Cumberland Township Authority.

Section 2. Section 2 of Ordinance No. 11 is hereby amended to read: Section 2. Every building, structure or residence dwelling where toilet facilities exist or are required by law situated within one hundred fifty (150) feet of a public sewer shall be connected with such sewer for the purpose of the discharge of all fecal matter, human excrement, kitchen and laundry waste and other sewage from such building, structure or dwelling. All connections to sewers of Cumberland Township Authority shall be made in accordance with the rules and regulations of the Authority.

Section 3. Section 3 of Ordinance No. 11 is hereby amended to read: Section 3. If the property owner, within sixty (60) days after receipt of written notice from the Board of Supervisors of Cumberland Township to make connection with such public sewer, the township may make such connection and collect the cost thereof from such owner by a municipal claim or in an action of assumpsit as provided by law.

Section 4. Section 4 of Ordinance No. 11 is hereby amended to read: Section 4. If the property owner, within sixty (60) days after receipt of written notice from the Board of Supervisors of Cumberland Township to make connection with such public sewer, the township may make such connection and collect the cost thereof from such owner by a municipal claim or in an action of assumpsit as provided by law.

Section 5. Section 5 of Ordinance No. 11 is hereby amended to read: Section 5. If the property owner, within sixty (60) days after receipt of written notice from the Board of Supervisors of Cumberland Township to make connection with such public sewer, the township may make such connection and collect the cost thereof from such owner by a municipal claim or in an action of assumpsit as provided by law.

Section 6. Section 6 of Ordinance No. 11 is hereby amended to read: Section 6. If the property owner, within sixty (60) days after receipt of written notice from the Board of Supervisors of Cumberland Township to make connection with such public sewer, the township may make such connection and collect the cost thereof from such owner by a municipal claim or in an action of assumpsit as provided by law.

Section 7. Section 7 of Ordinance No. 11 is hereby amended to read: Section 7. If the property owner, within sixty (60) days after receipt of written notice from the Board of Supervisors of Cumberland Township to make connection with such public sewer, the township may make such connection and collect the cost thereof from such owner by a municipal claim or in an action of assumpsit as provided by law.

Section 8. Section 8 of Ordinance No. 11 is hereby amended to read: Section 8. If the property owner, within sixty (60) days after receipt of written notice from the Board of Supervisors of Cumberland Township to make connection with such public sewer, the township may make such connection and collect the cost thereof from such owner by a municipal claim or in an action of assumpsit as provided by law.

Section 9. Section 9 of Ordinance No. 11 is hereby amended to read: Section 9. If the property owner, within sixty (60) days after receipt of written notice from the Board of Supervisors of Cumberland Township to make connection with such public sewer, the township may make such connection and collect the cost thereof from such owner by a municipal claim or in an action of assumpsit as provided by law.

Section 10. Section 10 of Ordinance No. 11 is hereby amended to read: Section 10. If the property owner, within sixty (60) days after receipt of written notice from the Board of Supervisors of Cumberland Township to make connection with such public sewer, the township may make such connection and collect the cost thereof from such owner by a municipal claim or in an action of assumpsit as provided by law.

Section 11. Section 11 of Ordinance No. 11 is hereby amended to read: Section 11. If the property owner, within sixty (60) days after receipt of written notice from the Board of Supervisors of Cumberland Township to make connection with such public sewer, the township may make such connection and collect the cost thereof from such owner by a municipal claim or in an action of assumpsit as provided by law.

For Students Who Can't Go To College, PSU Is Taking College To Student

(Editor's note: An idea born out of depression era necessity has been pursued so assiduously by Pennsylvania State University that quality education has been spread within commuting range of 90 per cent of Pennsylvania's college-age young people. Here's an up-to-date report on commonwealth campuses.)

By HARRY W. BALL
Associated press writer

UNIVERSITY PARK, Pa. (AP)—For students who can't go to college, Pennsylvania State University takes the college to the students.

Penn State is achieving this lofty aim through a far-flung system of commonwealth campuses. They now number 15, so strategically located as to be within commuting distance of 90 per cent of Pennsylvania's student age population.

The system brings a college education within reach of those students, among others, whose parents couldn't quite find enough money for room and board away from home. It also relieves congestion on the main campus.

SIGNS OF GROWTH

Three incidents this fall illustrate the dramatic growth of the commonwealth campus system.

Altoona dedicated a new \$1.250,000 building complex of two residence halls and a student center. Du Bois opened a \$500,000 classroom-laboratory building the same day. The university's 15th commonwealth campus came to life in an old two-story building in the north end of Harrisburg.

The glistering new modern structures at Altoona, framed

by a reflecting pool, dramatize the growth of the commonwealth campus.

Back in 1948, the 55-acre Altoona campus was an abandoned amusement park.

"BATHHOUSE U"
The bath house for the swimming pool became a classroom building and students of that earlier day affectionately dubbed it "Bathhouse U." A converted roller skating rink housed the student union.

They poured more concrete into the concrete swimming pool to make it into a parking lot. The settling basin which once furnished water for the swimming pool gave the landscape architects the idea for the reflecting pool.

Nearly 700 students enrolled for the current semester at Altoona, including 220 who live in the new residence halls.

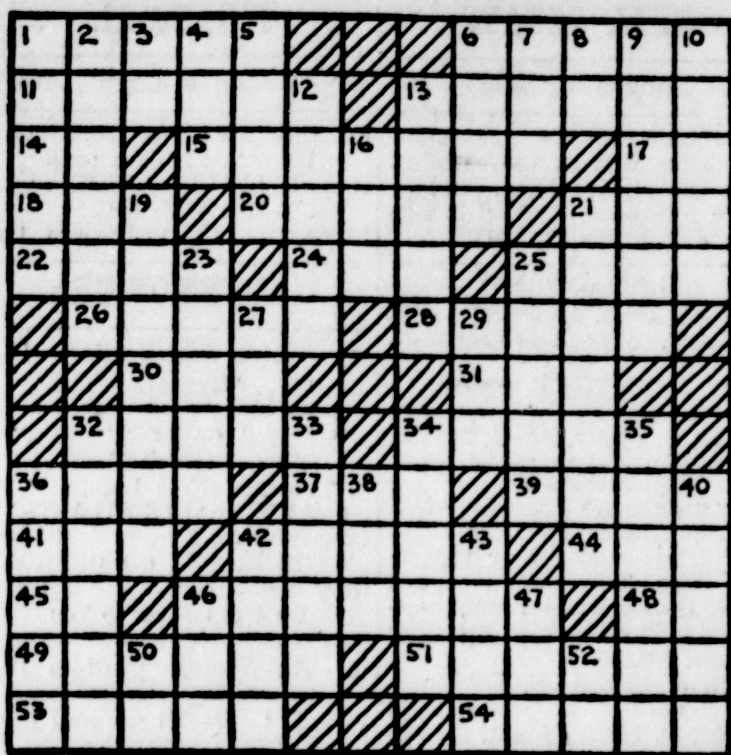

BEQUEST HELPED
At the other end of the spectrum is the Behrend Center near Erie. Whereas the Altoona campus grew from scratch, the Behrend Center was handed over to the university intact by Mrs. Mary Behrend. She was the widow of Ernst Behrend, owner of the estate and founder of the Hammerrill Paper Co.

A brother of the paper magnate, the late Dr. Otto Behrend, remembered the project generously and his bequest built a modern new science building at the Erie Campus.

1,100 AT OGONTZ

Penn State's Ogontz campus near Philadelphia puts it in proximity to some other great universities, but it is still the biggest commonwealth campus of the lot. It has 1,100 full-time

students.

Ogontz is another campus that was turned over to Penn State intact—by Dr. Abby Sutherland who had operated it for many years as the Ogontz School for Girls and Ogontz Junior College.

The idea of the commonwealth campus—in which literally the whole state becomes the campus of the state university—is not unique to Pennsylvania. But university officials feel it has been developed to a higher degree of fruition than elsewhere.

Commonwealth campuses are not to be confused with the university's 50-year-old extension program which basically provides continuing education for adults who want to freshen up on some chosen subject.

The idea of taking the college to the students was born in the depression and has developed over the past 30 years.

Students pay the same tuition at a commonwealth campus as they do in University Park. The average student is estimated to save a minimum of \$500 a year on living costs, however, by staying at home.

The quality of the education for the first two years of campus life at satellite schools is the same as that in University Park.

Even now, administrators are unable to distinguish between upper classmen who got their start on commonwealth campuses and those who have been here all along.

John Thompson is an example of the off-campus infusion of academic talent. Thompson is a senior and the bright young editor of the Daily Collegian. He got his first two years at the Behrend Center near Erie.

The curricula of the satellite campuses vary somewhat to suit the needs of the particular area. All centers offer the associate degree programs, which equip students with the necessary basic vocational skills in electrical and electronics technology, in agriculture, chemical technology, forest technology, hotel and food services, and so on.

A university spokesman adds "Nine of the present centers offer the first two years of the baccalaureate program, and students who complete their work successfully are guaranteed admission to University Park for the final two years."

Financing of the commonwealth campuses is essentially the same as that for the university itself.

The money comes from the state, from internal sources such as student fees, and from endowments and grants.

The campuses are located at Allentown, Altoona, Erie, DuBois, Harrisburg, Hazleton, McKeesport, Mont Alto, New Kensington, Ogontz, Schuylkill, Scranton, Wilkes-Barre, Berks, and York.

Three requests for the establishment of such schools are pending—at Sharon, Uniontown,

and in Beaver County.

There are certain stipulations laid down by the university which must be met, such as:

—The local community must provide land and a substantial part of the building costs for center, or if a wider area is served, the entire area is expected to contribute.

—There must be general support within the community for the establishment of a Penn State campus.

—The establishment of a new campus must meet the approval of the State Council on Higher Education, as well, of course, as the board of trustees of the university.

Penn State's current student population is 19,327. They figure it will be bursting at the seams when that figure reaches 25,000. The commonwealth campuses will ease the strain.

The satellite campuses now have 5,300 students, a 25 per cent gain over last year while the student population on the main campus was going up by 5 per cent.

They expect 10,000 on the commonwealth campuses by 1970.

To Train Cooks For Hotel Work

STROUDSBURG, Pa. (AP)—A three-year program to train cooks for hotel work patterned after European methods will start in the Pocono Mountains in early December.

It is believed to be the first such program in the United States.

The future chefs will receive 2,080 hours of practical training each year and 200 hours of theoretical training the first year.

Fifteen applicants will be selected for the first program. It is sponsored by the Pocono Mountains Vacation Bureau in cooperation with the Pennsylvania Employment Service and the U.S. Labor Department's Bureau of Apprenticeship Training.

70,000 FORD WORKERS IDLE

DETROIT (AP)—Nearly half of Ford Motor Co.'s auto factory work force was idle Tuesday because of what the company calls a strike-caused parts shortage.

Ford, which has 160,000 hourly paid workers, brought the idle total to the 70,000 mark with two more plant layoffs Monday.

The new layoffs, affecting 11,500 men, were at the Chicago and Los Angeles car assembly plants.

Ford has said its entire 90-plant nationwide system may be forced to close by the week unless local strikes by the United Auto Workers are settled.

Five strikes involving 16,700 men continue out of the group of nine that began Nov. 6. They include key parts plants in Ypsilanti and in Sterling Township, Mich., and the Buffalo, N.Y., stamping plant as well as two assembly operations at Wayne, Mich.
